

Longshoremen load supplies aboard the SS Shirley Lykes in Baltimore Harbor for shipment to Cuba in exchange for Bay of Pigs prisoners as demanded by Premier Fidel Castro. The Lykes is being loaded with 6,500 tons of food, drugs and medical supplies and will take on an additional 1,100 tons at Port Everglades, Fla., before sailing for Havana. (AP Wirephoto)

President Proposes 13.5 Billion Tax Cut

Katanga Leader Told To Resign Or Face Attack

ELISABETHVILLE, Katanga (AP)—The United Nations prepared today to send a special emissary to Katanga to demand that President Moise Tshombe surrender his stronghold or face U.N. attack.

Diplomatic informants said they believed the Katanga president was rallying his followers for a last-ditch stand to try to hold what remained of his secessionist domain.

The emissary was to warn Tshombe that if he did not peacefully surrender Katanga—center of Katanga's mining industry—the United Nations would fly in a Gurkha battalion to take it by force.

Tshombe also was to get notice that if his followers carried out threats to blow up the mining installations and electric power dam in the area, he might be sent to Leopoldville for trial by the central Congo government as a war criminal and saboteur.

Last reports said a U.N. ground force had advanced from Jadotville to within 50 miles of Kolwezi.

Sources at U.N. headquarters in New York reported that Indian U.N. troops have taken over Shinkolobwe, once Katanga's biggest military base, 15 miles southwest of Jadotville and about 90 miles southeast of Kolwezi.

The base, which once accommodated 2,000 to 3,000 men, was reported almost deserted. The sources said "enormous quantities of arms and ammunition" were found.

Rail service was reported restored between Elisabethville and Mookambé near the border of Northern Rhodesia, and trains began moving over it Sunday with badly needed food supplies from Rhodesia to the Katanga capital.

The United Nations occupied Mookambé Thursday after Tshombe's troops had advanced U.N. troops calling on his tattered forces not to resist. The United Nations went on Saturday to Salisbury in the Rhodesian border.

Tshombe slipped back into Kolwezi Saturday night after a one-day visit to Northern Rhodesia. Some sources believed he had returned to try to dissuade diehard members of his Cabinet from dynamiting the city. Others felt that Tshombe was convinced a unified Congo would doom any political future he might have and was determined to make a final stand.

Tire Is Slashed On Meredith's Car At Mississippi U.

OXFORD, Miss. (AP)—Officials at the University of Mississippi again have cracked down on student demonstrations against Negro James H. Meredith, 29, but the campaign aimed at him continues.

The latest harassment came Sunday when Meredith returned from an overnight trip to Memphis, Tenn., and found a tire slashed on his 1952 automobile.

The car was parked in front of the dormitory where Meredith lives. Army troops are on guard there constantly.

Meredith issued a statement a week ago saying he would withdraw at the end of the semester "unless very definite and positive changes are made to make my situation more conducive to learning."

Printers Lower Demands; Won't Call Off Strike

NEW YORK (AP) — Mediators met with newspaper publishers and striking printers rallied in support of their leaders Sunday in the 37th day of the city's costliest newspaper strike.

There was no clue to what the publishers of the nine shut-down dailies and federal mediators said. The strikers at a mass meeting gave loud approval to continuance of the strike.

They loudly booed the name of retired federal Judge Harold R. Medina, head of a three-man "board of accountability" which last Friday turned in a report blaming the lengthy shutdown mostly on the printers' union.

During negotiation sessions Saturday both sides changed positions slightly for the first time since the printers struck four newspapers Dec. 8.

The printers lowered their two-year wage increase demand from \$19 to \$18 a week, and the publishers moved up from a two-year package offer of \$9.20 weekly to one of slightly more than \$10, including \$8 in wages.

Mediators said they would meet to set up a joint bargaining session Tuesday.

Meanwhile, the printers union and the mailers union voted \$30,000 and \$5,000, respectively, to assist "less fortunate" unions affected by the shutdown.

Togo President Assassinated In Speedy Revolt

LOME, Togo (AP)—A struggle for leadership of this tiny West African country appeared to be developing today in the wake of a sergeants' revolt and the assassination of President Sylvanus Olympio.

Two men emerged as possible heads of a new government—former Premier Nicolas Grunitzky 49, and Idrissou Antoine Meatchi, 27, a former opposition leader in the Togo Assembly.

A military revolutionary committee that engineered the Sunday coup reportedly appealed to Grunitzky, a brother-in-law of the slain president to return from exile in neighboring Dahomey to form a government.

Rumors spread that Meatchi was already back in Lome from exile in Ghana, which also borders Togo. He had been accused by the Olympio government of aiding exiled political conspirators.

Meatchi, a French-educated Moslem and former civil servant, had been arrested in 1960 for conspiracy. He went to Ghana after his release in mid-1961.

Gunned down on the street outside the U.S. Embassy early Sunday, Olympio apparently was the only casualty of the fast-paced revolt. Gunfire was heard in the streets around 2 a.m. The 60-year-old president's bullet-riddled body was found outside the unlocked embassy gate at dawn.

The body was taken into the embassy. Later Olympio's family removed it.

Most of the other members of his government were arrested. They were reported unharmed and held at a military camp outside Lome.

Olympio visited the United

Sylvanus Olympio

States on an aid-seeking mission last March and President Kennedy praised him as "an exceptional figure on the world scene." The London-educated Olympio was the only African head of state with a command of both English and French, and he also knew some German. His language skills earned him an influential position in African councils.

Togo, a country of 1½ million people, is about the size of West Virginia. It was a French U.N. protectorate when it gained independence in 1960. Before World War I it was a German colony.

In Washington, the White House issued a statement that "the United States government was profoundly shocked by the news of the assassination... of one of Africa's most distinguished leaders."

Message Urges Action To Get Country Moving

WASHINGTON (AP)—President Kennedy proposed today the biggest income tax cut in history—a \$13.5 billion slash to take effect in three annual steps between now and 1965.

Individual taxpayers eventually would save about \$11 billion a year under the top priority program which Kennedy unveiled in his State of the Union Message to Congress. The rest of the benefits would go to corporations.

First-stage rate cuts proposed for 1963 would total \$6 billion—roughly equivalent to the biggest tax reductions of the past.

Down To 14 Per Cent

Kennedy said he wants individual tax rates whacked from the present range of 20 to 91 per cent "to a more sensible range of 14 to 65 per cent." He asked Congress to lower the top corporate rate from 52 per cent to the pre-Korea level of 47 per cent.

About one-fourth of the resulting revenue losses would be recouped through tax reforms, Kennedy said.

This lifting of the wraps from the long-awaited tax package was the high spot of the 4,500-word message, broadcast live on all national television and radio networks, in which Kennedy also:

—Implied the United States and its allies are winning the cold war at a time when Sino-Soviet frictions reveal "the seeds of internal disintegration" in the Communist camp.

—Challenged the Soviet Union to make a choice between continued conflict with the West and "the path to peace." The United States is ready for either eventuality, he declared.

—Revealed the bare bones of a legislative program which, apart from taxes, ranges from the proposed creation of a domestic peace corps to enactment of the medicare plan.

Congress arranged a special joint session in the House chamber to hear the President deliver the address.

Kennedy described his tax package as "a fiscally responsible program—the surest and soundest way of achieving in time a balanced budget in a balanced full employment economy."

Although precise details won't be revealed until later this month, it was apparent the tax bill has been carefully tailored in an effort to meet anticipated opposition from congressional conservatives.

—Most Urgent Task

Besides calling for gradual rate cuts, to lessen the adverse impact on federal finances, Kennedy advanced two companion proposals that would aim in the same direction:

1. The enactment of tax reforms recouping \$3.5 billion of the revenues that would be lost through lower rates. Reforms would begin going into effect next year.

2. A plan to gradually speed quarterly tax payments by large corporations in order to boost revenues by \$1.5 billion without changing corporate tax liabilities.

Kennedy also emphasized a desire for haste in congressional consideration of tax legislation. "Now is the time to act," he said. "We cannot afford to be timid or slow. For this is the most urgent task confronting the Congress in 1963."

The President did not specify any particular date on which he believes the initial rate cut should take effect. He merely said the first reductions should come this year.

Neither did he indicate the first-year impact on the federal budget.

Budget \$9 Billion

Kennedy's new budget, for the 1964 fiscal year starting July 1, will go to Congress Thursday. It is expected to call for spending approaching \$99 billion.

In one of his few references to the budget, the President said it will allow for "needed rises in defense, space and fixed interest charges." But he said it will hold "total expenditures for all other purposes below this year's level."

To do this, Kennedy said, he will call for "the reduction or postponement of many desirable programs," plus payroll and other economies.

Traffic Mishaps Kill 8 In State

By The Associated Press

Traffic accidents claimed at least eight lives in Michigan over the weekend, including three men who died in car-train crashes.

In addition, two men died in weekend fires and a Saturday plane crash in the Detroit suburb of Warren killed three New York state men.

Kenneth L. Mieloszyk, 34, of Ironwood, was killed Friday night when he ran into the rear of a semi-trailer truck as he was driving on US 2 in Wakefield in the Upper Peninsula.

Matthew Wipperfurth, 64, of Ferrysburg, died Sunday in a fire in his apartment at the rear of a storage building. He was manager of Marine Division of Tri-Cities Construction Co.

Seaman John E. Clayton, 18, a Coast Guardsman attached to the cutter Woodbine, died Sunday in a fire which destroyed his house trailer at Ferrysburg, two miles northwest of Grand Haven.

Killed in a plane crash Saturday in the Detroit suburb of Warren were Cecil L. Simms, 59, of Fayetteville, N.Y.; Carl A. Young, 58, of Syracuse, N.Y.; and David J. Read, 47, of Oswego, N.Y.

Dearborn police Saturday identified the body of a woman struck by a NYC train Friday night as that of Helen Hipsley, 23, of Dearborn.

Ocean Freighter Takes On Ransom Cargo For Castro

MIAMI, Fla. (AP)—The aerial exodus of refugees from Fidel Castro's Cuba has halted, following an airlift of 89 Cubans and Cuban-Americans to Miami Sunday. At present there are no plans for resuming it.

Red Cross officials announced there will be no more flights carrying ransom supplies to Cuba. Pan American World Airways, which suspended its twice-daily Miami-Havana flights at the onset of the Cuban crisis last October, is not anxious to resume the unprofitable service.

The Pan Am DC6B that made Sunday's refugee flight had taken 15,000 pounds of medicines to Cuba as another installment on the \$53-million ransom guaranteed Castro for release of the 1,113 Bay of Pigs invasion prisoners.

The American Red Cross said all future shipments of ransom supplies will be made by ocean freighter. The steamship Shirley

Lykes presently is being loaded at Baltimore with 6,500 tons of food, drugs and medical supplies for delivery in Havana.

The Shirley Lykes will stop at Port Everglades, Fla., to load an additional 1,000 tons of supplies. She is expected to reach Cuba no earlier than Jan. 18.

A tearful, yet joyous scene unfolded at Miami International Airport when the 89 refugees arrived at 5:20 p.m. Sixty-eight of the group were Cubans possessing American citizenship. The other 21 were Cuban nationals but either the husband or wife had U.S. citizenship or their children were born in this country.

The U.S. Immigration Service refused to release names of arrivals.

The Cuban-Americans had lived in the United States previously and for one reason or another—mostly homesickness—had returned to their native Cuba.

They said they were returning to America because of problems in Cuba, including food shortages, inability to get work, and disillusionment with the revolution.

Air Crash Kills Trio At Warren

WARREN (AP) — State aeronautics officials today were investigating the crash of a private plane here Saturday which claimed the lives of three New York state men.

Fred Waite, assistant director of operations for the Department of Aeronautics, said preliminary investigation indicated heavy icing probably resulted in loss of control by the plane's pilot.

Killed in the crash were Cecil L. Simms, 59, Fayetteville, N.Y.; Carl A. Young, 58, Syracuse, N.Y.; and David J. Read, 47, of Oswego, N.Y.

The plane, a twin-engine Beech Baron, crashed in the rear of several homes in this Detroit suburb a few minutes after taking off from Detroit City Airport.

No occupants of homes near the crash scene were injured. One house was damaged by a small fire which started after the crash.

Banker Succeeds Gov. Romney As Head Of Church

DETROIT (AP) — Dr. Edwin B. Jones, 44, vice president and operations officer of the Michigan Bank, was named Sunday to succeed Gov. Romney as spiritual and administrative head of the Detroit State of the Church of Jesus Christ of Latter-Day Saints.

Dr. Jones has served as Stake clerk during Romney's tenure as head of Detroit's area Mormons. He is a former Michigan State University economics professor and economic analyst for Ford Motor Co.

Announcement of his selection was made in suburban Bloomfield Hills by Elder Harold B. Lee, a member of the Council of 12 Apostles, supreme governing body of the denomination in Salt Lake City, Utah.

TODAY'S CHUCKLE

If anything makes a child thirstier than going to bed, it's knowing that his parents have gone to bed, too.

Italian Premier Wins Test, 45-35

ROME (AP) — The Italian Socialist party's Central Committee has voted today a pro-Communist move that would have overthrown Premier Amintore Fanfani's coalition government on the eve of his departure for talks with President Kennedy.

The committee voted 45-35 Sunday to continue backing Fanfani until general elections which must be held by the end of May. The party's pro-Communists demanded an immediate break with the premier.

The Socialist support for Fanfani, which followed three days of debate, was qualified by sharp criticism of his Christian Democratic party's delay in passing Socialist-backed legislation to create regional governments in parts of Italy. Right-wing Christian Democrats fear the Socialists will again support their former allies, the Communists, for a leftist capture of power in some regions.

The Socialists' qualified support for Fanfani and the attack on his party was seen as an indirect warning that the premier, who leaves for Washington Tuesday, should be careful in his talks with Kennedy. The Socialists are neorealists and opposed to the North Atlantic Alliance to which Italy belongs.

France Can Not Join Polaris Pact, DeGaulle Declares

PARIS (AP)—President Charles de Gaulle said today France cannot join the British-American agreement made at Nassau establishing a multinational Polaris missile force.

De Gaulle, speaking to his first news conference since last May, responded to a question on whether France might accept President Kennedy's offer of Polaris missiles.

"I do not believe that anyone thinks that we can subscribe to the accords of the Bahamas,"

No Break Sighted In Cold Weather

By The Associated Press

Winter's icy blasts enveloped the major part of the nation today. No immediate break in the severe cold weather was indicated.

The effects of the frigid weather and snow, which swept into the Rockies last weekend and snowballed across most of the country by the weekend were widespread.

Deaths blamed on the wintry weather—exposure, fires and traffic accidents on ice and snow-covered highways—passed the 40 mark.

Property damage, including heavy loss by a rash of fires, mounted into the millions of dollars.

The unseasonable cold in Southern Texas, southern California and Arizona threatened damage to citrus and vegetable crops. Farmers started their smudge pots.

Wide areas felt the sting of the frigid weather which inconvenienced millions and brought misery to thousands. Stiff winds added to the discomfort. Driving conditions were hazardous in many areas. Travel was halted in some sections.

The Weather Bureau in Chicago said that only a few parts of the nation were not hit by freezing or lower temperatures. Included were areas of the Carolinas southward through southeastern Georgia and most of Florida. Also above freezing, but not much higher than 32 degrees, were areas near the Pacific Coast from

Oregon southward through western California.

The below-zero zone extended from the upper Great Lakes through the northern plains into the northern Rockies. Temperatures plunged to nearly 60 below in Montana over the weekend.

Scores of cities reported record heavy loss by a rash of fires, low readings for mid-January as the arctic air fanned out from the northern Rockies across the midcontinent.

A howling snowstorm off Lake Erie battered sections of western New York. The wind-blown snow pounded Erie County and to a lesser degree, Niagara and Orleans counties to the north.

The storm dumped six inches of snow on Buffalo and up to a foot in rural areas.

Five Brothers Wed 5 Sisters

ST. PHILBERT DE VOUAINE, France (AP) — Maurice Musset and Solange Guery were married in this village on July 15, 1952. On Dec. 8, 1954, Musset's brother Gustave married Solange's sister Yvette.

On July 13, 1959, two more Musset brothers, Joseph and Theophile, married two more Guery sisters, Monique and Genevieve. Saturday the fifth Musset brother, Paul, took a bride. She was the fifth Guery sister, Bernadette.

Senators Start Battle Today To Curb Filibusters

WASHINGTON (AP)—Senators start battling today over proposals to put a tighter curb on filibusters.

The fight was to have broken out last week at the opening of the new Congress. But all sides agreed on a truce until President Kennedy delivered his State of the Union message.

The battle is a three-cornered one.

A bipartisan bloc of liberals will offer a new rule that would permit a majority of the members—51 of the 100 senators—to halt a filibuster 15 days after the filing of a debate-limitation petition.

Heading a middle-ground group, Sens. Clinton P. Anderson, D-N.M., and Thruston B. Morton,

R-Ky., will propose a rule under which a time limit could be clamped on debates by three-fifths of the senators voting.

Tightly organized to resist any change in the present rule requiring a two-thirds majority of senators voting to limit debate are 19 Southern senators under the leadership of Sen. Richard B. Russell, D-Ga.

In what may be a promise to use the filibuster itself in the rules fight, Russell says: "We will take advantage of every opportunity to expose the iniquity of gag rule in the Senate."

The issue is ticked for discussion at a morning conference of Republican senators, but they are not expected to take any party stand on it.

Senators calling for a tighter curb on filibusters contend it is necessary for the passage of meaningful civil rights legislation over Southern opposition. Russell called this "just a smoke screen" for efforts to pass big money bills.

Williams Willing To Run In 1964

WASHINGTON (AP) — Former Michigan Gov. G. Mennen Williams says he's willing to challenge Republican Gov. Romney in 1964.

Williams, now assistant secretary of state for African affairs, said in Washington Saturday he's willing to run against Romney if President Kennedy considers the governorship more important than his present State Department assignment.

The Democrat, who served as Michigan governor for six terms before being named to the State Department post in 1960 by Kennedy, said he would challenge Romney "if the occasion would arise where I would be most able to carry the Democratic banners in Michigan and it was more important to work there than in Africa."

Williams added... "This would be something maybe the President would decide."

Williams was elected governor in 1948 and won five additional terms. When he stepped out, Democrat John B. Swainson followed him. Romney defeated Swainson last fall.

Dixie Will Elect Next President, Gov. Wallace Says

MONTGOMERY, Ala. (AP) — With a battle cry of "segregation forever," incoming Gov. George Wallace told the nation's leaders today that Southern voters will elect the next president.

"From this day," he declared in his prepared inaugural address, "we intend to take the offensive and carry our fight for freedom across the nation, wielding the balance of power we know we possess in the Southland."

"We, not the insipid bloc voters sections, will determine in the next election who shall sit in the White House of these United States."

The 43-year-old former state court judge, a Democrat who has refused to follow the national party in its racial stand, was elected on a segregation platform to become Alabama's 49th governor.

Illness Is Fatal To John Gaufin

John Gaufin, 1002 5th Ave. S., well-known retired Escanaba druggist, died in St. Francis Hospital at 10 a. m., Sunday.

Mr. Gaufin was a member of Central Methodist Church and North Star Lodge. He graduated from Ferris Institute and in 1957 received the Ferris Golden Eagle award. He was a retired pharmacist and owner of the People's Drug Store.

Survivors include his wife, the former Doris Lawrence Walker; two daughters, Mrs. Ralph (Susan) Hamilton and Mrs. Donald (Fay) Nyquist, both of Escanaba; six grandchildren; two brothers, Harry and Arthur, and two sisters, Ellen and Alma, all of Escanaba.

Friends may call at the Anderson Funeral Home beginning at 4 p. m., today. Funeral services will be held at 3:30 p. m., Tuesday at the funeral home chapel with Rev. Karl J. Hammar officiating. Burial will be in Gardens of Rest Cemetery.

Obituary

FRANCIS X. LABRE

Funeral services for Francis X. Labre were held at 9:30 a. m., Saturday at St. Francis Xavier Church, Spalding. Fr. Walter Franczek was celebrant of the Solemn Requiem High Mass. Fr. Gino Ferraro was deacon and Fr. August Franczek, sub-deacon. Burial was in Spalding Township Cemetery. Pallbearers were William, John and Leo Labre and Robert, Philip and John Alquist.

Below Zero Cold To Continue Here

Numbing cold that sent the mercury to 12 below in Escanaba today will continue for at least two days more and possibly through the remainder of this week, the U. S. Weather Bureau reports.

The 12 below was the coldest in Escanaba so far this winter. The mercury made a slow climb through the morning and was still below zero at noontime.

The low tonight will be a bit

warmer than last night, but will still fall to a frigid 10 below, the Weather Bureau predicts. The high Tuesday will be about 5 above.

Highways in the Upper Peninsula and the northern part of the Lower Peninsula were generally slippery this morning but were expected to be in good condition by noon, the State Highway Department reports.

Three to seven inches of new snow with drifting and high winds were reported from some sections of Northern Michigan. Sharp winds contributed to the discomfort caused by the sub-zero cold.

Scores of schools were closed in southwest Lower Michigan because snowfalls ranging up to 7 inches in depth blocked roads.

The Upper Peninsula got the worst cold. The mercury plunged to 14 below zero at Covington in Baraga County and 12 below at Escanaba and Marquette. Houghton reported -9 and Sault Ste. Marie -5.

Southern Michigan low temperatures included -3 at Alpena and one above at Traverse City. Saginaw reported 3 above and Pellston 4. Others included Lansing, 5, Battle Creek 7, Flint 8, and Detroit 11.

Junior Yachtsmen Are Honored At Annual EYC Meet

Four sailing trophies were awarded at the Escanaba Yacht Club's annual meeting at the Dells Supper Club Saturday evening. Club members honored Bill Boyce, and Sue Boyce, winners of the Gust Asp Trophy and the John Bissell Trophy, both for boats of the Seagull class; Pete Boyce, winner of the open class race for the John Mitchell Trophy, and Bill Moras, who became the club's yachtsman of the year.

The presentations by John Mitchell, outgoing commodore, were followed by the installation of officers for 1963. Those elected recently were Francis Boyce, vice commodore, Mrs. Earl Owen, secretary-treasurer, and the following directors: H. J. Gasman, Russell Johnson, Emerson Kidd, and John Mitchell. Don Crawford, the new commodore, announced plans for the coming season. The annual Venetian Night will be held in connection with the city's Centennial celebration.

Mrs. Anderson Taken By Death

Mrs. Hildur (Ingeborg) Anderson, 83, 401 S. 10th St., died at 9:15 a. m., Sunday at her family home. She was the widow of the late Fritz Anderson who died Jan. 5, 1949.

Mrs. Anderson was born Oct. 14, 1879 in Sundsvall, Sweden and had been a resident of Escanaba for the past 56 years. She was a member of Bethany Lutheran Church.

Survivors include two sons, Gustav and Bertil of Escanaba, six grandchildren, eight great-grandchildren and a brother, Erick in Sweden.

Friends may call at the Anderson Funeral Home after 2 p. m., today. Her body will be taken to Bethany Lutheran Church at noon Tuesday where funeral services will be conducted at 2 p. m. Rev. Walfred Nelson will officiate. Burial will be in Lake View Cemetery.

Tax Refund In Savings Bonds Offered By Govt.

Delta County Savings Bonds Chairman John L. Greene points out that Uncle Sam is making it possible to take your 1962 federal refund in Series E Savings Bonds by the simple expedient of putting an "X" in the appropriate box on the tax form.

Last year some 40 million taxpayers received cash refunds on their taxes. Judging from samplings of opinion, a lot of them would have preferred to get their money in savings bonds if they'd had the chance. Bond Chairman Greene, who is executive vice president of the First National Bank, Escanaba, wants to make sure any of them who live in Delta County know they now have that chance.

The Treasury will issue the smallest possible number of E Bonds of the largest possible denominations to cover the amount of the refund. If there's anything left over, a check will be written for the balance. The one complication comes if the cash balance is from one to 99 cents, since the check-issuing apparatus can't handle anything less than a dollar. Details are given in the instructions.

What about joint returns? Greene gave us the answer to that one too. "John and Mary Smith" on the tax return becomes "John or Mary Smith" on the bond registration, making them co-owners.

Road Commission Holds Meeting

NEWBERRY — The Luce County Road Commission met here Friday in the Luce County court house. Present were members, D. J. Wood, Vernon Hale, Vernon Cummings and Charles Lavender.

Since the Federal contract came through, workmen are brushing out the right of ways in preparation of finishing the road construction from the Teaspoon Bridge to the Dollarville Curve.

A representative of the Co-Operative Light line was at the meeting in the interest of installing Co-op light line along the right of way on the Deer Park Road.

State Retailers Endorse Charter

The Michigan Retailers Assn. has added its voice to the growing number of nonpartisan Michigan groups which endorse the passage of the proposed new state constitution at the April 1 election.

Richard O. Cook, executive vice president of the organization, reported that 94 per cent of the voting members had approved the document in a poll taken by mail.

"We have turned our organization efforts to carrying out the dictates of the membership," Cook said. "We are working with all other interested groups and individuals to assure knowledgeable voter participation in the spring election."

The retail association has 3,600 member stores spread around the state. Its poll was taken after a special committee appointed by President Paul C. Wagner, of Ann Arbor, studied the new basic law formulated by the recent constitutional Convention.

Citizens Important
The MRA membership expressed itself on a proposed "policy declaration" which needed a two-thirds vote for approval. Executive Vice President Cook said 74 per cent of the eligible voting membership — 20 per cent above normal — registered its opinion.

"We consider this an excellent return that clearly indicates the interest of Michigan retailers in this most vital subject," Cook said.

The policy declaration says that the proposed constitution is "structurally capable of providing the basic system of government for the citizens of a growing Michigan."

Calls For Support
"The Michigan Retailers Assn. therefore strongly urges the adoption of the new constitution in April, 1963, by the voters of this state."

"Further, the association urges all members to actively participate in programs designed to acquaint citizens with the provisions of the new constitution and to assure knowledgeable voter participation in the 1963 spring election without regard to political considerations or personal prejudices involving limited sections of the proposed document."

Among other nonpartisan state groups which have previously endorsed the new constitution are the Michigan Farm Bureau, the Michigan League of Women Voters, the Michigan Education Association, the Michigan Council of Churches, the Michigan Junior Chamber of Commerce, the Michigan Congress of Parents and Teachers, the Michigan Chapter of the American Association of University Women, the Michigan State Chamber of Commerce, and the Michigan Municipal League.

Photo shows the damaged McGrath automobile after it left the highway and struck a pine tree on U.S. 2-41, near the Buck Inn, at 6 a.m. today. Two persons were seriously injured in the crash and a third youth, also a passenger in the car sustained a whiplash but was not hospitalized. The driver of the car, Terrance McGrath, told officers he apparently fell asleep at the wheel. The three youths were enroute from St. Ignace to Iron Mountain where they are employed. (Daily Press Photo)

Youths Injured In Auto Crash

Two St. Ignace youths were seriously injured when their car skidded out of control, left the roadway and struck a tree, on U.S. 2-41, just south of the Buck Inn at 6 a.m. today.

Injured were: Terrance McGrath, 20, who sustained bruises and abrasions to the chest, head injuries and a cut right hand; and Kenneth Perry, also 20, who suffered a cut on top of his head, a lacerated upper right leg and ankle, possible internal injuries and a possible fractured pelvis. A third companion, Charles Brown, 19, sustained a whiplash to the neck. He was treated at St. Francis Hospital and released.

According to State Police, the three youths were headed for Iron Mountain where they are employed. During questioning this morning Terrance McGrath, driver of the car, told officers that he didn't remember exactly what happened, but that he apparently fell asleep at the wheel.

The car skidded across to the left side of the highway and drove into the divider strip where it struck a pine tree. The car was demolished.

McGrath was ticketed for violation of the basic speed law, too fast for conditions.

Blue Cross Asks For Rate Boost

LANSING (AP)—Michigan Blue Cross-Blue Shield makes a pitch to the state insurance commissioner today for rate increases totaling an estimated \$70 million over the next two years.

State Insurance Commissioner Sherwood Colburn said he was scheduled to meet today with officials of Blue Cross-Blue Shield.

Colburn declined official comment but pointed out that in the past he has gone on record against "arbitrary or capricious" rate increases for the two plans, and has warned the insurance companies to make certain changes in their operations if they want rate hikes.

The pre-paid health insurance plans were to file formal applications for the increases today.

The hikes were expected to average 27 per cent over the period ending in March of 1965.

Blue Cross said it did about \$150 million in business a year and Blue Shield reported about \$110 million business.

William S. McNary, Blue Cross president, and Sumner G. Whittier, executive director of Blue Shield, said the health insurance plans need new income in the face of rising operating costs.

Spokesmen said both plans currently are operating in the red and that the proposed rate increases are calculated to keep the plans on a firm financial basis through March of 1965.

McNary said current benefit payments are exceeding revenue at an accelerating rate.

"We had to draw almost \$5 million from reserves in 1962 and without an adequate increase they will be exhausted in a matter of months," McNary said.

Blue Cross wants a rate increase yielding 29 per cent of its income and Blue Shield 23.9 per cent.

Both McNary and Whittier blamed the money needs on rising hospital costs, increased usage of the health care plans and advances in science which have resulted in additional personnel requirements. They said the two plans are continuing to seek ways of reducing operating costs.

Honor Nurses

SAULT STE. MARIE—Practical nursing students were recently honored at a luncheon held in the War Memorial Hospital cafeteria. They have completed four months of instruction at Northern Michigan College and have come to the hospital for 4 months training in general hospital nursing. Honored were: Mary Hedberg, Manistique; Barbara Longhurst, Sault Ste. Marie; Alex Campbell, Newberry; Billie Jean Lehtomaki, Flint; Katherine Grivich, Marquette; Dorothy Baynton, Newberry; Josephine Walker, Marquette.

Carp and goldfish belong to the minnow family.

Debate Winners Are Announced

The Bessemer and Manistique High Schools emerged as victors in the annual Upper Peninsula High School Championship Debate Tournament held on the campus of Northern Michigan College Friday and Saturday of last week.

Manistique placed first in Class A-B, and Bessemer in Class C-D. Only two local schools participated in the contests, the Escanaba and Gladstone High Schools. Holy Name High, who had taken part in the preliminaries did not enter the finals.

The Escanaba High School won one of their debates and lost the remaining two. They won over Menominee and were defeated by Marquette and Iron Mountain.

Gladstone High lost to Menominee, Negaunee and Ishpeming.

Miss Alice Dunsmore is the debate coach for the Gladstone team and Robert Vadnais for Escanaba High.

Mead Credit Union Holds Annual Meeting

The Mead Corporation, Escanaba Division, Employees Federal Credit Union, held their 22nd annual meeting Sunday evening at Marco's Starlite Room. Approximately 315 members attended the meeting.

During the meeting three persons were elected to the Board of Directors. They included Mrs. Joyce Borman, Francis Londo and

Edward Davis. The new directors will serve with incumbents Chet Schram, Ted Derouin, William Beach and Robert Groos.

Chester Schram was also re-elected to the credit committee. He will serve with incumbent Caroline Holt and Grant Olson.

Following the meeting a smorgasbord was held and refreshments served. Music for dancing was provided by the Herb Peterson orchestra.

If you come across a news tip, don't hesitate to telephone ST 6-4118, Radio WLST.

Coordinating Development

Robert Nathan of Washington, D.C., one of America's famed economists, was an Upper Peninsula visitor in the weekend. His firm, Nathan Associates, has been retained by the Federal Government's Area Redevelopment Administration as economic counsel to the Upper Peninsula Committee on Area Problems. This is an organization formed under the guidance of Michigan State University by boards of supervisors in 14 of the 15 U.P. counties to coordinate planning for economic development in the U.P.

The role of U.P. inevitably brings it into relationship, if not conflict, with other agencies working the same vineyard so its officers invited in representatives of the other agencies to talk about coordinated action on the occasion of Robert Nathan's visit to his U.P. client. Also represented at the meeting were the Forum on Resources of Upper Michigan and Operation Action, a new agency which grew out of 1962's Operation Progress-U.P., sponsored by the Greater Michigan Foundation.

Nathan said that the U.P. has lots of problems and can use lots of work on economic development. He regards the several agencies as needed and desirable and is not concerned about proliferation of economic development efforts, but thought that there should be a central council of some sort to give overall direction to the planning of all agencies on a basis of prestigious recommendation and not directive authority.

This is desirable and apparently an effort in this direction is now underway, with representatives of the three organizations to discuss a coordinating agency. The public may be somewhat mystified as to why there should be several agencies and not one working for the betterment of the Upper Peninsula's economy, but it has happened quite naturally as result of needs and it is an essentially healthy condition which brings many diverse talents and resources to the aid of the Upper Peninsula.

FORUM was created to study and report on U.P. resource use needs and plans. Its effectiveness has been demonstrated in one of its first undertakings, a study of the Pictured Rocks Lakeshore proposal of Senator Philip A. Hart. Senator Hart has revised his proposal as result of the study. The lakeshore proposal initially considered only recreational aims in a huge area with economic needs that could not be supplied by an economy exclusively based on recreational industry.

Mayor Harold Vanlerberge of Escanaba, an official of U.P. CAP, lauded FORUM for its role in this study. He said U.P. CAP was not equipped to do it as well.

U.P. CAP was created because there was no Peninsula-wide agency devoted to economic development. The boards of supervisors appropriated tax money to finance its activities. It is the agency which is helping with the preparation of the Overall Economic Development Plans required of each county which wants to participate in the Area Redevelopment Administration's program of subsidies.

U.P. CAP's activities brought it problems that called for economic counseling and ARA provided the services of Nathan Associates under a federal government contract. These services are available to all 15 U.P. counties.

As originally created, U.P. CAP didn't envision such intimate ties with an agency like ARA, but they developed. Original intention was to develop economic projects, take them to industry and investors for action. Now the emergent role of U.P. CAP seems to be to plan projects that will be financed in the "public sector," that is, with government funds.

Nathan expressed the opinion that an instrument for getting private financing is not existing in U.P. CAP. (It has no resources of its own for last resort loans, etc.) But it has a very valuable quasi-governmental character and it is a grass roots organization sponsored by the county governments of the Upper Peninsula and exercising their authority and influence in community action for economic development.

Major decisions in big industry are made by the captains of big industry. This is the reason for Operation Action. Its membership is a Who's Who of men significantly important to Michigan's (and especially to the Upper Peninsula's) economy. It also includes leaders in education and communications and other fields.

This group has access on a basis of intimacy and confidence to the resources of venture capital and other things needed to enlarge the economy of the U.P. Its members direct much of the industry in the U.P. and Lower Michigan. It is familiar with the problems of the U.P. and convinced that there are solutions within their means, a giant step will have been taken toward their solution.

This is the reason for Operation Action. Typically, one of its leaders, Walker L. Cislser, president of Detroit Edison Co., sponsored the Ebasco Report on the Upper Peninsula's economy 10 years ago and is having it updated at the present time so that the factors to be worked with can be known accurately and changes gauged. This sort of leadership is beyond price, it is vital to area growth, and it is not incorporated in U.P. CAP, which has its own special merits in its community influence.

The Upper Peninsula can use the full potentials of all these agencies and should support them all and count upon them to work out amicably among themselves their inner relationships so that they do not duplicate efforts or undertake competitions.

Big City Bug

Nearly two thirds of United States workers use their cars for job commuting. Only a sixth as many use various public means of transport.

These are fairly shattering figures for the advocates of increased mass transit facilities in the urban centers. On the other hand, these percentages—from the Census Bureau—give comfort to those who say we must build for the motor car today.

One big argument of the latter group is that most Americans insist on having the "individual option" that goes with driving their own cars.

Anyone looking at the incredible rush-hours jams on the nation's "expressways" must wonder, however, how much that option is worth in daily annoyance and frustration.

Choice Of Birds

A Swedish newspaper discovered that the nation had no national bird and held a contest to pick one.

Readers selected the common blackbird by a wide margin. It seemed they liked best of all its faithfulness to its native land by staying behind in winter when other birds migrate.

Though the humble blackbird is no glamour match for our own bird, the bald-headed eagle, the Swedes may have shown more foresight in their selection than we did in ours. For the bald eagle is perilously close to extinction because of illegal hunting and a falling birth rate due, it is believed, to pesticides.

Winter Fashion for the Congo

Washington Comment Memory Lane

By PETER EDSON

WASHINGTON—(NEA)—The extent to which U. S. government actions influence the national and world economies is emphasized in practically all major business forecasts made for 1963.

Almost every analysis predicts with guarded optimism—barring a war, of course—that this will be a good year. Nothing sensational. No boom. But no bust, either, if the government does the right things.

The gloomiest forecast that has come to this department's attention is Bank of America's warning that a recession is a possibility by mid-1963 unless substantial federal income tax cuts are made.

There are many doubts in Washington that Congress can make tax cuts effective by mid-year. A more likely target date is Jan. 1, 1964.

Assuming the tax cuts come, however, the California financial giant predicts that consumer spending will be up four per cent, plant and equipment spending up 4 to 5 per cent, government spending up 10 per cent.

This rise in government spending alone will account for one-third of the increase in gross national product to an estimated \$577 billion for the full year.

On the East Coast, First National Bank of Boston points out that, "the poorer the economic outlook, the more likely a tax cut to thwart it. The better the business outlook, the more likely would seem to be delay for debate on the size, shape and timing of tax changes."

"The safest assumption seems to be that there will be no tax reduction in 1963 or that it will have small influence on the year as a whole."

National Association of Real Estate Boards thinks now home sales will be "at levels similar to 1962." Associated General Contractors predicts that total construction, the nation's largest industry, again will reach a new high dollar volume of work put in place.

Association of American Railroads takes hope on narrow mar-

gin gains made in 1962, after two rock-bottom years. An improved outlook for 1963 is made dependent, however, on a green light for mergers, an end of featherbedding and congressional approval of the President's transportation program.

From New York, National Industrial Conference Board predicts pretax profits for the first half of 1963 will surpass the first six months' profits in 1962. But the 1963 improvement is expected to stem mostly from increased outlays by consumers and government.

From Pittsburgh, U. S. Steel Corporation's year-end survey notes that while steel consumption in 1962 was close to the 1955-57 high of 115 million ingot tons, domestic production was only 98 million tons. The difference was accounted for by foreign steel imports.

From Detroit, the 1963 outlook is for another year of seven million cars and a million trucks produced, with foreign car sales continuing their decline below 350,000.

This is based on record-rate consumer spending and continuously rising government expenditures. The inference is that if the latter is cut, the outlook might change.

Internationally, Morgan Guaranty Trust of New York finds that the government has used foreign exchange strategy effectively in defending the dollar and stemming the outflow of gold. Federal Reserve System's "currency swaps" are commended.

Under this plan, the Federal Reserve draws on foreign currencies from foreign central banks to buy their surplus dollars which might be presented on claims against U. S. gold. Later, when the pressure is off, the currencies are swapped back.

Morgan Guaranty notes, however, there are limits to what government operations in foreign currencies can do to balance international payments. Again this emphasizes the important role that government plays in the world economy.

Finding The Way

Mother Can Nurse Baby

BY RALPH W. LOEW, D. D.
Written for Newspaper Enterprise Assn.

When it was learned about a them the advantages and urge century ago that infants could be fed by formula, wet nursing as a profession was doomed. Formulas have brought nourishment to millions of babies but have led far too many mothers to nurse their babies halfheartedly or even to avoid trying to nurse them. What was lost sight of was that breast feeding has many advantages over formula feeding.

First, there is freedom from bacterial contamination. Breast feeding is economical and requires no elaborate preparation. Then too, the breast-fed baby is less likely to develop eczema and allergies. Mother's milk contains antibodies against many of the infectious diseases to which the mother has acquired an immunity.

One of the most important advantages is the strengthening of the deep bond of love between mother and child.

Breast feeding cannot be allowed, however, if the mother has tuberculosis, severe debility, an infected breast (if only one side is infected, the other may be used), or severely retracted nipples.

Almost every mother can nurse her baby if she and her doctor wish it. One of the chief reasons many mothers do not nurse their babies is that doctors and nurses do not take the trouble to tell

them the advantages and urge them to try it. If a mother is able to nurse her baby for only two months, this gives the baby a far better chance at a healthy infancy than if the effort is not too many mothers to nurse their babies.

The baby should first be placed at the breast when he is not more than six hours old. Demand feeding, rather than the once popular four-hour schedule, is a great help in establishing the flow of milk. Giving the baby supplemental feedings of formula because he is not getting enough milk from the breast causes him to work less vigorously at nursing and this in turn gives less stimulation to the flow of milk. One of the main reasons for failure of breast feeding is giving up too soon.

One or both breasts may be used at a single feeding. If the flow of milk is inadequate, both breasts should be used. In this case the baby should start a feeding with the breast used last in the previous feeding.

To fail to nurse your baby because you are afraid it will spoil your figure is nonsense and to fail for other trivial or selfish reasons is to be deplored. If, on the other hand, with your doctor's help you make a valiant effort and are not able to give your baby sufficient nourishment, do not feel that you have failed as a mother.

Youth Ticketed For Auto Mishap

Gladstone City Police ticketed a 16-year-old Gladstone boy for failure to yield the right-of-way, following an accident at the intersection of Dakota Ave., and 13th St., at 11 a. m., Sunday.

According to police, the youth was traveling east on Dakota Ave., when he approached the 13th St. intersection. He was unable to stop and slid through the intersection into the path of a car driven by Emil Katarincic, 32, of 1415 Montana Ave.

The Katarincic vehicle struck the youth's car on the left side. There were no injuries.

Questions And Answers

Q—By what name did the ancients refer to the cedar of Lebanon?

A—The "Tree of God," because the wood went into the roof beams of many of the celebrated temples.

Q—How many asteroids are known to exist?

A—More than 1,500. The largest is Ceres, 500 miles in diameter.

Q—What are some of the pseudonyms under which William Thackeray wrote?

A—Michael Angelo Titmarsh, James, and Charles James Yellowplush.

BARBS

A hero is any man who has the nerve to insist that he is next at a bargain counter.

Hunters were warned not to hunt game on a Midwest college campus. Too many dears running around.

Miss Elsie French, who recently spent considerable time in Egypt, addressed the Business and Professional Women's club concerning her experiences there at last night's meeting at Delta Hotel.

Officers elected at the First National Bank at the annual meeting of the Board of Directors were M. K. Bissell, president; George N. Harder, V. P.; Leslie French, cashier; E. G. Royce and F. F. Royce, asst. cashiers; Henry A. Peterson, chief Harris and Miss Lillian Peterson, tellers.

Three pesky fires kept the Gladstone firemen in a dither yesterday. A chimney blaze, which set fire to the roof of the Leonard Clapp home, occupied considerable time because the fire was hard to get at. Then came a call to the Soo Line yards where a car of coal was smouldering. That took several hours to douse. Then came a fire at the Dumas hotel. It was between the walls and a mean one to handle. The loss in all cases was small.

Even with equal opportunities some people just aren't equal to them.

Preachers and babies talk in other people's sleep.

GLADSTONE

Gladstone Senior George P. Kelly Math Test Honoree

ROCHESTER, Mich. — Prof. James H. McKay of MSU Oakland says the chances are less than one in 6,000 that you can solve a simple mathematical problem which he recently gave to the state's best high school math students.

Only three out of 13,000 contestants got the answer he discovered today after correcting the papers in the sixth annual Michigan Mathematics Prize Competition. It is sponsored by the Michigan Section of the Mathematical Association of America of which Dr. McKay is chairman.

The problem is this: Each row in a 5 by 5 checkerboard consists of the numbers 1, 2, 3, 4, 5 in some order. The order of the numbers down the first column is the same as the order from left to right across the first row, and similarly for any other column and the corresponding row. Prove that the diagonal squares running from the upper left to the lower right contain the numbers 1, 2, 3, 4, 5 in some order.

If you can't prove it, the answer is at the end of the story. If you can, you're in an elite group, for only eight of 470 award and honorable mention winners were able to solve two or more such mental teasers.

The competition consisted of a multiple-choice test of mathematical knowledge, and five problems like the one above which demanded originality of thought.

The top 23 awards carry scholarship grants, and the other 447 are honorable mention winners. These two groups, Dr. McKay said, represent the top four percent of the state's high school math students.

One from Gladstone High School was among the winners. He was George P. Kelly, a senior.

Two students from Cass Tech in Detroit, Andreas Blass, a senior, and Fred Bookstein, a junior, tied with Harry French, an Ann Arbor senior, for the top honor. Each will get a gold medal and a grant of approximately \$200.

This was the third triumph for Bookstein. He finished in a virtual tie for first last year as a sophomore, and among the top 20 as a freshman.

Robert P. Butsic of Munising Post issued traffic summonses to the following motorists over the past weekend: Calvin M. Patterson, 570 N. 14th St., Gladstone, improper registration plates and defective brakes; Vivian M. Nelson, Rte. 1, Gladstone, failed to stop for a flashing red light and no valid operator's license; Clarence J. Lancour, Rte. 1, Escanaba, failed to stop for a red light; Terry Delvecchio, Sault Ste. Marie, Ont., littering the highway; and James A. Gritz, Gwin, no valid registration plates and no valid operator's license.

State Police of the Gladstone

Two students from Cass Tech in Detroit, Andreas Blass, a senior, and Fred Bookstein, a junior, tied with Harry French, an Ann Arbor senior, for the top honor. Each will get a gold medal and a grant of approximately \$200.

BIG MARK-DOWNS!

BIG SELECTIONS!

BIG MARK-DOWNS!

Ann Landers

Tex Is A Heel

Dear Ann Landers: After 25 years of marriage I had to admit my wife was a bore. She was a fine mother, excellent housekeeper and cook, but plain dull. I met a younger woman who was exciting, attractive, informed and made me feel alive. When I asked my wife for a divorce she took it like a lady and we parted friends.

Now that I have remarried the real problem is my children. They are 17, 19 and 22 years of age—old enough to understand that a man commits no crime when he terminates a sterile relationship in favor of a stimulating one.

At least my ex-wife is polite and civil to me in public but my children treat me as if I were a stranger. This is extremely humiliating. Everyone in town is aware that my children flee from me as if I had some loathsome disease. I'd like your opinion — TEXAS DAD.

Dear Dad: I guess everything comes bigger in Texas — even the heels.

Some letters require reading between the lines but your sordid story comes through loud and clear.

Your children resent bitterly what you did to their mother and they are letting you know it. Go cry on somebody else's shoulder, Tex. I'm too busy for the likes of you.

Dear Ann Landers: Last evening I became involved in a discussion with a man I've been dating for several months.

I told him something about a mutual friend in the strictest of confidence. He was astonished and exclaimed, "I can't believe it." I repeated the story and again he insisted it could not be true. Finally he said, "Go get the family Bible and swear on it." I considered this insulting and refused.

He snorted, "Well, that proves your story a lie."

I was furious and asked him to leave. This morning he telephoned but refused to apologize. He contends that a person who tells the truth would have no hesitancy about taking an oath on the Bible. How do you feel? — CONSCIENTIOUS OBJECTOR.

Dear Objector: I feel fine, thank you, and I hope you do, too. This kind of an oath-taking demand is a naked attack on your integrity.

The world's biggest liars are forever swearing on their mothers' graves, their children's lives and whatever they feel will be convincing. A person of good character doesn't swear on anything.

Dear Ann Landers: Our first child, a little girl, was born two weeks ago. She has a dark red birthmark on her back about the size of a half dollar.

An aunt told my wife the baby was marked in this way because my wife stole apples from the neighbor's tree when she was a little girl.

My wife is not an ignorant person, Ann, she is intelligent, but she actually believes this wild story. She says she remembers

LITTLE LIZ

Usually the only ties a bachelor has are those that need cleaning.

the incident vividly and that it was probably the most shameful thing she ever did in her life. Will you please print this in the column with a comment? — LARCHMONT

Dear Larchmont: Does that witch doctor aunt have a license to practice? Please tell your wife that birthmarks appear for no reason that medical science has been able to figure out.

Confidential to Needing Advice: I can't help anyone who says, "Please don't advise me to do this and so because I can't," — and then lists the three most sensible courses of action.

If alcohol is robbing you or someone you love of health and dignity, send for ANN LANDERS' booklet, "Help For The Alcoholic," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Senators Still Have Qualms On Cuban Situation

WASHINGTON (AP) — Two members of the Senate Foreign Relations Committee say they still have qualms about the Cuban crisis and that Secretary of State Dean Rusk has a lot more explaining to do.

"There's a hell of a lot that hasn't been explained satisfactorily," remarked Sen. George D. Aiken, R-Vt., after Rusk briefed the committee for 2½ hours at a closed session Friday.

And Sen. Frank J. Lausche, D-Ohio, said Rusk had failed to relieve his "great apprehension" and faces much more questioning.

Glass is a poor insulator against sound.

Metric System Urged For U. S.

WASHINGTON (AP)—Girls who measure 93-60-94 will be winning beauty contests if Rep. George P. Miller, D-Calif. has his way.

It's not that Miller prefers the more amply favored females. It's just that he'd like to see their curves measured by the metric system, and when you're dealing with centimeters, 93-60-94 is fine.

Miller as chairman of the House Science and Astronautics Committee, is in a good position to help bring the metric system into use in the United States.

He introduced a bill Thursday to authorize a three-year study by the National Bureau of Standards to determine the impact of the nation of a switch to the metric system.

It would mean a vast retooling job for much of American industry.

It would mean buying meat by the kilogram, gasoline by the liter and dress material by the meter.

But it would also mean goodbye to a confusing, complicated and illogical bunch of weights and measures that hardly deserve being called a system.

Of the major Western countries only the United States and Britain still cling to an independent system of weights and measures. And Miller says a high-ranking British government official told him Britain would follow in a minute if the United States went metric.

The metric system has already crept into the United States to a surprising degree. The pharmaceutical industry has embraced it—note that those shots you get are measured in cubic centimeters.

Most familiar of all is the U.S. money system based, thanks to Thomas Jefferson, on the 10s of the metric system. Jefferson also tried to install a metric system of weights and measures in the newborn nation, but failed.

U.P. Advised To Use Own Muscles For Development

Foreign countries should not depend so much on United States aid that they fail to develop their own muscles for economic recovery. Robert R. Nathan, of Washington, D.C. told delegates to the Upper Peninsula Committee on Area Problems (UPCAP) at a Saturday meeting in Marquette.

Nathan indicated he felt the same held true for our own underdeveloped areas seeking federal aid. Nathan is president of Nathan Associates, a technical assistance firm that has contracted to serve UPCAP through an Area Redevelopment Administration grant, and which has established an office in Escanaba.

The economist, who travels throughout the world to serve his firm's clients, told the 50 UPCAP delegates that prospects for development in the U.P. look good, but that there will be a price to pay for the progress. This calls for much hard work, imagination and dedication, he said.

Tied To U.S. Economy
Nathan, former chief of the National Income Division, U.S. Department of Commerce, warned against the assumption that the U.P. is isolated and independent. He predicted that a stronger U.S. economy would help the U.P.'s chances for recovery.

A strengthening of the U.S. economy, he predicted, could come from two directions: 1. A general tax cut, and 2. A boost in retail business coming from many new family units now being formed by the big crop of war babies of the 1940s.

Among assets of the U.P., Nathan put human resources at the top of the list. He said, "There is a reservoir of talent here, but some more sparks are needed to motivate action. This is a real challenge to academic and adult educators and to all organizations in the area."

The next important asset, he stressed, is the large reservoir of natural resources and he warned against the assumption that these resources are worthless simply be-

cause they aren't as rich as they once were.

The economic developer advised UPCAP to establish a regional plan to provide technical assistance to counties and to maintain machinery for county coordination of activities, since counties represent the important decision making units in many phases of economic development.

Not Over Studied
Contrary to what we may have heard, the Upper Peninsula has not been over surveyed or studied, Nathan stated. There are fantastic gaps of information which investors would demand before moving into the area, he said.

He mentioned the Lake Superior cisco (herring) industry development project, for example, and said that in order to meet competition the U.P. would have to do some feasibility studies to attract industry. Referring to a program for UPCAP Nathan advised more selective and carefully detailed raw material exploitation.

He sees the greatest possibility for small enterprises and thinks this pattern would better solve the Peninsula's problems since there are small groups of unemployed persons scattered throughout the area.

"Our firm," said Nathan, "will try to provide a specialist who will soon be spending some time in the area to check the potential for more small businesses." He said that there are no miracles to economic development but said that his firm would use its Washington and world contacts to push UPCAP projects if they had merit; while warning that while they can be technically helpful, the real job would have to be done by U.P. citizens.

Gas Pipeline
UPCAP's newest standing committee had an optimistic report on Saturday. Tom Moore of Marquette, chairman of the Natural Gas Committee, said a survey had been completed and that a gas pipeline is feasible from both standpoints of engineering and financing. He said that directors of the Northern Natural Gas Co. were in agreement on this.

The company now needs more firm commitments from large users and is in the process of getting potential U.P. customers to indicate the volume that they could consume, Moore said.

UPCAP delegates approved a development project approved by the Tourist Committee and submitted by Harold Dettman of St. Ignace. It will now be given to federal, state and local agencies for support. Michigan State University has already pledged to provide \$41,800 to be used for market surveys and analysis of the tourism industry, recommendations and implementation stages.

The 23 member UPCAP Agricultural Committee reported completion of a Soil Conservation Service survey which indicated that there are 2.5 million acres of U.P. land suited for Russet Burbank potato production. The Russet Burbank has become the queen of U.P. potatoes since there is great market demand for the baker that brought fame to Idaho.

Potato Project
Outstate producers and processors have contacted Committee Chairman Frank Molinare of Iron Mountain and indicated interest in several U.P. locations including Delta and Dickinson counties for production of bakers.

Commercial Fisheries Committee Chairman Leo Garipey of Munising reported that the market phase of the project to utilize Lake Superior cisco is already underway.

Delegates called for additional guidance from Nathan Associates and ARA in preparing a final project to revitalize the lakes commercial fishing industry.

Other reports came from UPCAP's forest products, research, mining, manufacturing, human resources, federal and state activities, transportation, communications and utilities committees.

Briefly Told

The North Star Lodge will hold a meeting Wednesday at 8 p. m., at the North Star Hall.

The Fraternal Order of Eagles will hold its semi-monthly meeting Tuesday at 8:30 p. m. at the Eagles Club Rooms.

Escanaba firemen were called to the George Johnson dwelling, 221 N. 14th St., at 9:25 a. m. today when a stove overheated. There was no damage.

Application for a marriage license was made last Friday by Wayne M. Gaus of Kipling and Mary Ann Hansen of Rte. 1, Escanaba.

John Uzo, 86, who resides on the North Bay Shore, was removed to St. Francis Hospital at 10:06 a. m. Sunday when neighbors became alarmed and summoned police. The officers had to force an entrance and found the elderly man ill in bed.

William J. Davis, 11, of 210 N. 19th St., was bitten on the right leg by a dog on Saturday, it was reported to Escanaba police. The dog is owned by Victor VanEffen of 223 N. 18th St. and the owner was ordered to keep the animal confined for 10 days for observation.

The planned meeting of the Delta County Democratic Committee with State Democratic chairman Joe Collins at 2 p. m. Sunday in the Eagles Hall, Escanaba, to plan a party membership campaign didn't take place because Mrs. Collins gave birth to a daughter, said Delta Democratic Chairman James Chapekis.

Roger Roznoski of the Coast Guard Recruiting Station in Green Bay announces that the Coast Guard has openings for veterans. Men who wish to enlist or re-enlist in the Coast Guard or would like more information can contact the recruiter at the Escanaba Coast Guard Station Friday between 9 and 11:30 a. m.

Teamsters Local 328 Federal Credit Union will hold its eighth annual meeting Saturday, Jan. 19, at Teamsters' Hall. Dinner will be served at 6:30 and will be followed by the business session with election of officers and annual reports. Special entertainment has been arranged. The date of the deadline on reservations has been advanced to Wednesday, Jan. 16.

Rapid River

Legion To Meet

The Rapid River American Legion Post and Auxiliary will hold their meeting Tuesday at 8:30 p. m., in their clubrooms.

Tuesday's meeting will be the last before the mid-winter conference is held. Details of the conference will be announced later.

8 Escanaba, January 14, 1963

Clairmont Credit Union Sets Plans For Annual Meeting

The Clairmont-Northern Employees Federal Credit Union will hold its 11th annual meeting Saturday at Marco's Starlite Room beginning with dinner at 6:30 p.m., followed by the business meeting, election of officers, refreshments and dancing to the music of Jerry Gunville's orchestra. The deadline for making reservations is Wednesday.

The Clairmont-Northern Employees Federal Credit Union with a membership of 665 members and assets over \$40,000 is comprised of employees and their families of Clairmont Transfer Company and Northern Motor Rebuilders.

Mr. Milton Huber, Director of Public Relations of the Michigan Credit Union League will be speaker of the evening. The Gals of Harmony will furnish entertainment. Other special guests will include Mr. and Mrs. Robert Storbeck. Storbeck is the examiner for the Bureau of Federal Credit Unions.

Newberry

Robert Grubba, 19, son of Mr. and Mrs. Arthur Grubba Sr., Newberry High School senior, will leave for army training in June, going to Fort Knox, Ky., and Fort Leonard Wood, Mo. for six months basic training. He enlisted in the National Guard for three years.

Local Youths Admit Prank

NEWBERRY — Two local youths, Claude Adkins, 17, and Kenneth Darr, 17, both of Newberry, confessed to State Police here Friday that they had placed sugar in the gas tank of a vehicle belonging to Mrs. Harry Mullen of 220 E. Helen St. on New Year's Eve, as it was parked at the Village Club at Dollarville.

The youths were released following questioning, pending an interview with Prosecutor J. P. Shimmens, who is presently out of town.

Business Meeting Held By K Of C

NEWBERRY — The Newberry Council Knights of Columbus conducted a regular business meeting Thursday. Arthur Potvin, Financial Secretary reported that a donation of about \$800 will be made to apply on the St. Gregory School debt.

A corporate communion followed by a breakfast for all men of St. Gregory parish will be held at the 9 a. m. Mass on Sunday Jan. 27. An honor guard of the 4th degree Knights from the Manistiquia Assembly will be invited to attend.

Grand Knight Thomas J. Brennan appointed a committee composed of Francis B. Ciqui, Evar Villemure and Richard Zenker in charge of this function.

George Truckey, Council activity chairman was instructed to plan a testimonial dinner for the Knights and their Ladies to be held in February.

Howard Ouellette, youth activity chairman reported on the St. Gregory school junior basketball team schedule. Reports on the K of C bowling team and cribbage team were given by Evar Villemure and Frank Quinlan. A social meeting will be held on Thursday, Jan. 24.

Forest Work End Ups Relief Roll

Delta County's welfare situation is better than last winter's, but the number of employable persons asking aid is increasing because of the cessation of the Accelerated Public Works program in the Hiawatha National Forest.

The work employed as many as 140 Delta County persons in the Rapid River Ranger District of the forest, but was not resumed here in the new year, although it is continuing in other more needy areas of the U. P.

Lyle Plowman, director of the Delta County Welfare Department, said that the county had 137 direct relief cases in November, compared with 180 in the same month a year previously. Spending was \$10,360 compared with \$13,143 a year ago.

In December there were 154 cases compared with 151 a year

ago and spending was \$11,661 compared with \$14,438. Plowman said that the case load has been down and so has spending per case, but that employable men who head families now are applying for aid in increasing numbers.

Some of them dropped off the relief rolls when the forest work under APW was started in November and now they're returning. There were 23 employables getting aid last week and about 30 are indicated this week by applications and pending cases.

Employable relief applicants have been referred to woods work, but some have reported that some of the employment offered does not provide work that permits a liveable income, because of poor quality or sparsity of the timber to be cut.

Plowman reported that one area of the county which has been a rather chronic relief problem area has no employables on the roll this winter.

The roll has a character of chronic cases. In the Upper Peninsula November direct relief cases totaled 1,660 compared with 1,704 a year ago, and spending was \$115,888 compared with \$113,739 a year ago.

Counties which had fewer cases were Alger, Baraga, Chippewa, Delta, Iron, Luce, Mackinac, and Schoolcraft. Ontonagon was unchanged and the counties of Dickinson, Gogebic, Keweenaw and Marquette reported increases.

Schoolcraft County spent \$4,352 in November and \$4,155 a year ago. Menominee went from \$4,015 to \$5,857 and Mackinac declined from \$2,604 to \$1,903.

Shipping Tieup Idles 80,000

NEW YORK (AP)—The Atlantic and Gulf Coast dock strike entered its 23rd day today with federal mediators hopeful of resuming joint negotiations.

Secretary of Labor W. Willard Wirtz and federal mediators stood by during the weekend, to be on hand if any change came in the positions of the ship owners or the Longshoremen's Union.

The strike by 60,000 longshoremen has idled an additional 20,000 non-striking seamen and truckers in ports from Maine to Texas.

Federal mediators held separate meetings with both parties Saturday. Wages are a principal issue in the dispute. The strikers seek a 50-cent hourly package, including 26 cents in wages, over two years. The industry has offered 22 cents over two years. The prestrike basic wage here was \$3.02 an hour.

Hospital

Patients admitted to St. Francis Hospital over the past week-end included: Mrs. Ruth Polmateer, 911 4th Ave. S.; Fred Cayer, Rte. 1, Rapid River; George Sodergren, Rte. 1, Escanaba; Mrs. Estella Wickham, Rapid River; Mrs. Octavia DeMars, 430 S. 14th St.; Bonnie Lancour, 1804 2nd Ave. N.; Lorraine Gerou, Rte. 1, Rock; Mrs. Waleria Moniowiczak, Bark River; John Uzo, N. Bay Shore; Mrs. Gladys Emerson, Willow Creek Road; Mrs. Petra Newhouse, 1022 Montana Ave., Gladstone; Franz Jaeger, 1212 4th Ave. S.; Mrs. Kenlyn Steinmetz, 522 N. 19th St.; Floyd Terrien, 30 Highland Ave.; Wells; Mrs. Mary Green, 501 S. 10th St.; Mrs. Leona Kroll, Rte. 1, Gladstone; Mrs. Patricia Rousseau, 1414 N. 22nd St.; William Sheedlo, 1328 N. 18th St.; and Richard Arbour of Bay View Location.

Message Urges Action To Get Country Moving

(Continued From Page 1)

These were among other highlights of the message:

—The state of the Union is good; "the recession is behind us."

—The state of the world is improving; "steady progress has been made in building a world of order."

—"But we cannot be satisfied to rest here. This is the side of the hill not the top. The mere absence of war is not peace. The mere absence of recession is not growth. We have made a beginning—but we have only begun."

More Recreation Areas
—At home, Kennedy wants aid to education; help for unemployed youths; an expanded health program; strengthened guarantees of voting rights; increased competition and decreased regulation in transportation; a local mass transit program; a new farm program; more parks and recreation areas.

—Abroad, Kennedy seeks a lowering of trade curbs; an expanded Peace Corps; "an increasingly intimate North Atlantic Treaty Organization" with its own nuclear force and stronger conventional arms; a vigorous Alliance for Progress in Latin America; and a continuing foreign aid program which he said has "contributed to the fact that not a single one of the nearly 50 U.N. members to gain independence since the second World War has succumbed to Communist control."

Divine Help Asked
Kennedy devoted a special section of his address to "increasing strains and tensions within the Communist bloc." Emphasizing that "here hope must be tempered with caution," he said of Sino-Soviet differences:

"A dispute over how best to bury the free world is no grounds for Western rejoicing."

While professing to foresee "no spectacular reversal in Communist methods or goals," Kennedy said that if "the winds of change, persuade the Soviets to walk the path of peace, then let her know that all free nations will journey with her."

But until that happens, he said, "the free peoples have no choice but to keep their arms nearby."

Kennedy concluded by saying that "We have every reason to believe that our tide is running strong." And he added this prayerful reference to the recent Cuban crisis:

"With thanks to Almighty God for seeing us through a perilous passage, we ask His help anew in guiding the 'good ship Union.'"

Lanolin is the trade name for wool fat, which is made from a greasy coating found on sheep's wool.

Mrs. F.J. Russell Sr. Dies In Florida

Mrs. Frank J. Russell, Sr., the former Ellen Kennedy Shiras, died at 5:30 a.m. Sunday in her winter home in Ormond Beach, Florida after a long illness.

Mrs. Russell was the daughter of the late Mr. and Mrs. George Shiras III, and a granddaughter of Mr. and Mrs. Peter White, famed pioneers of Marquette and of the U.S. Supreme Court Justice George Shiras, Jr.

Born Nov. 10, 1886 in Marquette, Mrs. Russell had resided in Marquette and in Washington, D.C., until her marriage Nov. 25, 1925 to Mr. Russell, who was the publisher of the Marquette Mining Journal and the Iron Mountain News. She then moved to Iron Mountain.

Mrs. Russell died in March, 1947. Mrs. Russell was a heavy contributor to school and church projects in Iron Mountain and had aided many needy families there. She was prominent in the Episcopal Church.

Her father, who founded the Shiras Institute, a non-profit corporation, which benefits many recreation, beautification and cultural activities and programs in Marquette and Upper Michigan as a whole, was a world famous naturalist and photographer and Marquette philanthropist, and had served in Congress.

Mrs. Russell, like her father, was keenly interested in the outdoors.

She is survived by a stepson, Frank J. Russell, Jr., publisher of

the Marquette Mining Journal, the Iron Mountain News and the Escanaba Daily Press and owner of Radio Stations WDMF, WLST, WMAM.

Surviving cousins include Mrs. Lincoln B. Frazier, Maxwell K. Reynolds, Mrs. A. J. Fontaine, Mrs. Mary Spear Ross and George N. Spear, all of Marquette; Alfred O. Reynolds of Lebanon, Ind.; Mrs. Michael Hare, Mrs. Harry Harper and Peter Jopling in New York State; Ann Shiras and George Call, Pittsburgh, Pa.; Winfield Shiras and Mrs. Sarah Potts, Ormond Beach, Fla.; and Philip B. Spear, Jr., Sarasota, Fla.

Funeral services have been tentatively scheduled for Tuesday in Ormond Beach's St. James Episcopal Church.

Frank Russell and Mr. and Mrs. Frazier of Marquette and James G. Ward Jr., of Escanaba have gone to Florida for the rites.

Estimated highway deaths are up 9 per cent nationwide according to nine-month survey figures as indicated by states on Newsmap, above. First reports are preliminary and final figures may vary somewhat as later reports are tabulated. Data from National Safety Council estimates.

Sharon LaCarte Is The Bride Of Richard McHenry

Immanuel Lutheran Church in Escanaba was the setting for the wedding Jan. 11 of Sharon Ann LaCarte, daughter of Mr. and Mrs. Edward LaCarte, Escanaba Rte. 1, and Richard R. McHenry, son of Riley McHenry, Woodbine, Iowa.

The Rev. Gordon Thorpe officiated at the single ring ceremony at 7 p. m., in the presence of immediate members of the family. The pastor sang, "The Lord's Prayer," accompanied by Mrs. Pearl St. Clair.

Judy Peterson was the bride's only attendant and John E. Wellman, an uncle of the bride, was best man.

The bride wore a street length dress of white brocade with white accessories. Her jewelry was a crystal necklace and earrings and her corsage was red roses and white baby mums. Miss Peterson's dress was beige brocade and pink baby mums formed her corsage.

Mrs. LaCarte chose a paisley print with a corsage of yellow and white baby mums.

A small reception was held from 8:30 to 11:30 at the LaCarte home.

The newlyweds will make their home in Woodbine where Mr. McHenry is employed. The bride is a 1962 graduate of Escanaba Senior High School.

Club Speaker Wednesday Is Mrs. John Fawcett

A description of the Holy Land as it is today will be given by Mrs. John Fawcett at the regular meeting of Escanaba Woman's Club Wednesday, Jan. 16, at 2 p. m. in the Chamber of Commerce Building.

Mrs. Fawcett's travel talk, entitled "Let's Take a Trip," will be illustrated with slides.

Mrs. Edward Hurley is program chairman.

Hostesses for the day are Mrs. Clifton Reno, chairman and Mesdames Carlton Johnson, Denis McGinn, Richard Pryal, Joseph Coplan, James Degnan and Horace Provo.

Gould City

4-H clubs were organized Wednesday at the Community Building. Leaders are Mrs. Joseph Vogl and Mrs. William Burton Jr., first year sewing; Mrs. Stephen Fisher, fourth year sewing; Mrs. Lee Beeck, second and third year sewing; Mrs. Frank Keller, knitting; Don Cartwright, first year boys' electric; Lee Beeck, second year electric; George McNeil, first year boys' handicraft; Orin Baker, second and third year handicraft; Joseph Vogl and Rudy Mikuska, fourth year handicraft and George Judson, photography. Earlier Emil Fimbinger of the Marquette office of the U. P. Extension service conducted a meeting in the community club to explain organization of clubs and project grouping for the 4-H Leaders Council.

Rick Hartwig, MSU extension specialist in agricultural economy conducted a meeting Jan. 10 for Mackinac County farmers on income tax programs.

Guests of the Ronald Clarks are Mr. and Mrs. Stanley Magsig of Gaylord.

Mr. and Mrs. Frank Gifoss and family of Two Harbors, Minn., visited her parents, Mr. and Mrs. Floyd Irwin last week.

Ronald Clark motored to Lansing Monday. He was accompanied to Flint by Mrs. Clarence Eisenbach, who visited her son-in-law and daughter, Mr. and Mrs. Leo Schaffer. They returned Thursday.

Presbyterian Parish Holds Annual Meeting

The adoption of the largest proposed budget in its 97-year history was an important feature of the annual meeting of the First United Presbyterian Church Sunday evening. Based on the church treasurer's report that the 1962 income was the highest on record, the new budget totals \$35,946.

Other items of business were:

The memorializing of those members who died during 1962, Mrs. John Luecke, Mrs. Fred Kornetzke, Mrs. Ray DuFour, Mrs. Rose Mercure, Mrs. Thomas Ferguson, C. Arthur Anderson, Clyde Robinson Sr., Robert Shiner, Lloyd Pfang and Thomas McDonnell;

The election of church officers: Elder-trustees, Mrs. Robert Hall, Ivan Edwards, H. Glenn Gamble, Jack Magnusen and O. W. Brookes; deacons, Mrs. Robert Hansley, Mrs. Lency Clairmont, Mrs. Russell Lee, Mrs. Howard Plucker and Mrs. Robert Owen; congregational representatives on the 1963 nominating committee, Mrs. Joseph LaCrosse, Miss Carol Kaiser, Ray DuFour and George Haberle.

The stated clerk reported that 43 new members had been received during 1962 and that 30 persons were removed from the rolls, making a membership, as of Dec. 31, of 661.

It was also reported that the church is still planning to sponsor a Cuban refugee family.

Social-Club

WAIT Watchers

The WAIT Watchers, TOPS Club will have a regular meeting Tuesday at 7:30 p. m., at Carnegie Public Library.

St. Anne's Court

St. Anne's Court, W. C. O. F., will meet Thursday evening, Jan. 17, at the home of Mrs. John Kintziger, 1204 Lake Shore Drive. The business session will be followed by a social.

Practical Nurses Meet Wednesday

Delta District Michigan Practical Nurses will meet Wednesday, Jan. 16, at 7:30 p. m., at the Webster School. Guest speaker will be Clarence Moore, physical therapist. Hostesses during the social hour will be Mrs. Frances Cringstad and Mrs. Olive Gosse-lin.

Personals

Mrs. Charles S. Norton, Bay Shore, Gladstone, returned to her home Saturday, accompanied by her son, Herbert C. Norton of Hudson, Wis.

Cooking is Fun

SUNDAY DINNER

Here's the quick recipe of the week—a candy the family can have for dessert.

Roast Lamb With Mint Sauce
Oven Potatoes Creamed Celery
Carrot Slaw Bread Tray
Chocolate Peppermint Mounds
Chocolate Peppermint Mounds
1 package (3 ounces) dark sweet chocolate pudding
½ cup sugar
1/3 cup undiluted evaporated milk
1 tablespoon butter or margarine
¼ teaspoon peppermint extract

In a saucepan stir together the chocolate pudding mix, sugar, undiluted evaporated milk and butter. Cook and stir constantly over medium heat until mixture comes to a full boil; over lower heat, boil 1 more minute, continuing to stir constantly. Remove from heat. Quickly stir in peppermint extract. Beat until candy thickens—about 5 minutes. Quickly drop from teaspoon onto waxed paper, forming 18 small mounds. Cool until firm. Makes about 2 dozen.

During the 140 years between 1820 and 1960, 41.8 million immigrants came to the United States.

During the 140 years between 1820 and 1960, 41.8 million immigrants came to the United States.

A new line of hats has been designed for the girl who appreciates high styling but doesn't have a custom-order income. Good strawcloth twill draped turban (top left) has black velvet bow. A bow and a tiny frog trim the light blue strawcloth twill beret (top center). Sailor of gold strawberry cloth twill (top right) has a red velvet band and red tassels. Black licorice straw Spanish sailor (lower left) has grosgrain trim and tiny tassels. Twist of grosgrain and red pin trim the beige rough straw dome (lower center). Two pearl buttons adorn white cloche (lower right). All designs are by Sally Victor.

Immanuel Church Women's General Meeting Tuesday

Immanuel Lutheran Church Women will have a general meeting Tuesday at 7:30 p. m., at the church.

The program is in charge of the Roselyn Unit under the direction of Mrs. Arnold Anderson.

A film entitled, "The Family that Changed the World," will be shown.

Musician for the program is Miss Arlene Walstead. A guest trio number will be presented by Mrs. Robert Melchori, Mrs. Martin Strolle and Miss Florence Poquette accompanied by Mrs. Donald Wolf.

After the meeting refreshments will be served in the church parlors by the Milla Unit.

Bridge League In Regular Session

The Elks Bridge League held its regular session Saturday evening at the Elks Club. Scoring 50 per cent or over were: 1. Mr. and Mrs. John Sankovitch; 2. Mr. and Mrs. Kibby Treiber; 3. Lee Miller and Dave Baumer; 4. Mr. and Mrs. Al Taylor; 5. Mr. and Mrs. Robert Pearson Jr. The next meeting will be held in the Elks Lounge Sunday afternoon with play starting at 1:15.

Holy Name Hosts Emeralds In Tuesday Night Contest

A pair of teams that have begun to jell after slow starts will clash at the Holy Name gym Tuesday night with the Crusaders hosting Manistique of the Great Lakes Conference.

Holy Name has won its last three outings after losing five of its first six games. The Crusaders reached a scoring peak last week-end with an 84-58 triumph over Gwinn, Menominee and Kingsford were the other victims in Holy Name's three-game victory string.

Manistique has won its last four outings, downing Munising, Newberry, Gwinn and Holy Name in a row. The Emeralds had been beaten in two of three previous outings.

Three other area games are on tap for Tuesday night with Carney at Vulcan, Garden at Rapid River and Bark River at Cooks.

MARQUETTE — They don't get the top ratings, but several once-beaten quintets certainly are very much in the championship

basketball picture in the Upper Peninsula.

Teams included in this category as the regional prep outfits swings into the second half of the campaign are Escanaba, Brimley, Gladstone, Alpha, Negaunee St. Paul and White Pine.

Brimley and Negaunee St. Paul are excellent cases in point. Each has been defeated only by Champion, the all-winning squad coached by Fred Boddy and which is rated No. 1 in state Class D ranks. The margins were slim enough in each case, and the two have improved enough since, to list both the Bays and Emeralds on a par with the Champion Indians in any discussion of post-season tourney play.

Brimley's veteran cagers—who beat Champion in the state quarterfinal round last spring after dropping two regular-season starts to Boddy's Indians—gained added stature last week by upsetting previously undefeated Rudyard to move ahead in the Little Seven Conference race. St. Paul, which

may be right up front in Class D next year if it doesn't make it this winter, has a strenuous last-month eight-game schedule coming up that could make or break it as a tournament contender.

Escanaba, defending Class A champion which moved into a tie for first place in the Great Lakes Conference with victories over Gladstone and Ishpeming last week, has a chance to avenge its only setback when it hosts Marquette Gravaet Saturday night. Coach Harold Johnson's Eskymos, paced by Jim Almonroeder just as they were in football, will be hard to keep out of the driver's seat if they can reverse the decision against Marquette.

Nobody's been able to explain away Alpha's only loss. The Mastodons of veteran Coach Gerry Gollakner had beaten six opponents in a row, mostly by comfortable margins. Amasa's only other victory had been over Iron River "B."

Fortunately for Alpha, that defeat was a non-league affair, so this week the Mastodons get a chance to move into undisputed possession of first place in the Big Eight Conference. They play at Channing Tuesday, then are home on Friday to all-winning Hermansville.

White Pine was expected by its

coach, Ed Helakoski, and most everyone else to go places this winter. And after an opening loss to Mass, the copper mining town Warriors have been doing just that. They've rolled up nine straight victories, grabbing a Porcupine Mountain Conference tournament crown along the way and edging Mass by one point in a second meeting with the Rockets. Saturday night White Pine faces Trout Creek, 5-2 for the season but unbeaten in PMC competition.

Besides Champion (10-0) and Hermansville (9-0), the only other unbeaten prep quintet in the Peninsula is Ontonagon, which has won seven Copper Country Conference starts along with non-league games.

Like Champion in Class D, the Polar Bears of Coach Dave Tucker were rated atop the state Class C standings ladder the past week. Ontonagon's scoring power is concentrated in a senior, Tom Czmarich, and two 6-foot-2 juniors, Larry Makimaa and John Olson. They've scored 454 of Ontonagon's nine-game total of 537.

Besides the Hermansville-Alpha and Marquette Gravaet-Escanaba games, the week's highlights include several double-bill attractions. Marquette Bishop Baraga, an up-and-coming Class B newcomer, will end a two-week idle period with a home game against Gwinn Friday, then head for Hancock Saturday. Gwinn is one of only three teams boasting victories over Baraga in 10 contests. Trout Creek will precede its game with White Pine with an appearance at Negaunee St. Paul Tuesday, while Kingsford, after facing Iron Mountain, will play Stambaugh in another Menominee Range test.

The week's schedule:

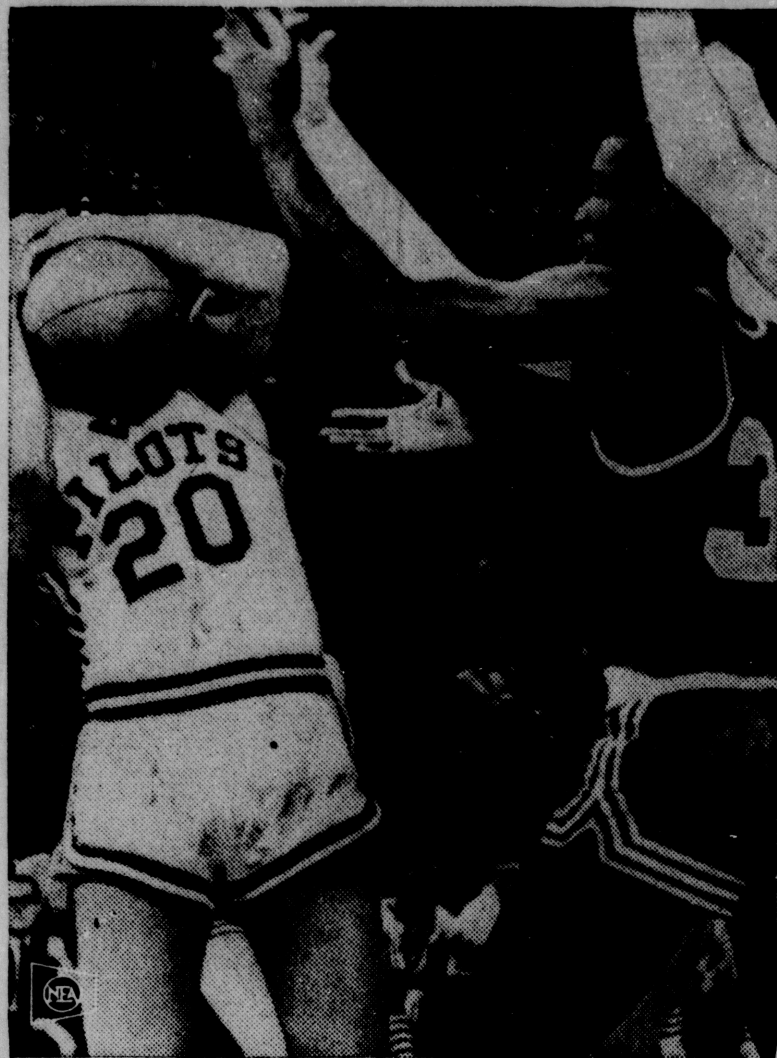

Tuesday
Manistique at Holy Name
Iron Mountain at Kingsford
Alpha at Channing
Crystal Falls B at Amasa
Bark River at Cooks
Carney at Vulcan
Mass at Dollar Bay
Pembine at Felch
Garden at Rapid River
Mercier at Marenisco
Trout Creek at Negaunee St. Paul

Wednesday
Trenary at Perkins

Thursday
Menominee at Marinette
Besemer at Superior East

Friday
Soo at Munising
Calumet at Ontonagon
Gladstone at Ishpeming
Gwinn at Marquette Baraga
Niagara at Iron River
Kingsford at Stambaugh
Manistique at Negaunee
Rudyard at Pickford
Norway at Crystal Falls
Houghton at Baraga
Dollar Bay at Lake Linden
L'Anse at Painesdale
Cheboygan at St. Ignace
Brimley at Soo Loretto
Wakefield at Hurley
Hermansville at Alpha
Watersmeet at Bergland
Channing at Carney
Garden at Cedarville
Champion vs. Doelle at Houghton

Saturday
Marquette at Escanaba
Marquette Baraga at Hancock
Ishpeming at Stephenson
Alpena Catholic Central at Soo Loretto
Bark River at Eben
White Pine at Trout Creek

George Koch intends to keep his noggins and the basketball as the University of Portland defender catches a rebound out of the reach of Oregon's Jim Johnson and others in Portland. Possession is name of the game.

Spartans Upset Badger Cagers; Tech Wins Again

By The Associated Press

Michigan schools scored six victories in 10 games against out-of-state schools Saturday, with Michigan State and Wayne State pulling the biggest surprises.

Michigan State bounced favored Wisconsin 75-68 in a Big Ten Conference contest, and Wayne State surprised Allegheny of Pennsylvania 64-55 in a President's Athletic Conference game. It was WSU's first victory of the year.

Michigan was beaten 68-66 by defending champion Ohio State in another Big Ten encounter. Notre Dame trounced the University of Detroit 105-70, and Western Michigan scored a 60-58 Mid-America Conference triumph over Kent State.

In the MIAA, Hope downed Albion 60-57, Alma edged Adrian 74-73, and Kalamazoo disposed of Olivet, 82-64.

Michigan Tech defeated St. Norbert of Wisconsin, 86-73; Ferris clipped Eastern Michigan, 97-76; Eastern Illinois topped Central Michigan, 88-71; Hillsdale scored a 74-73 overtime victory over Malone of Ohio; Detroit Tech squeezed past Rochester Tech 58-44, and Findlay of Ohio dumped Northwood 92-73.

Kent State led Western Michigan 33-28 at halftime, but the Broncos tied the score at 56-56 with 4:06 remaining. A field goal by Bill Street put the Broncos ahead and two free throws by Ajac Triplett provided the winning margin. Manny Newsome of Western Michigan was high scorer with 21 points.

Jim Spivey and Sean Whalen scored 17 points each as Wayne State posted its first victory in five games.

Bob Morgan fired 34 points in helping Kalamazoo beat Olivet. The loss was the 10th straight for Olivet.

Hope roared from behind and nipped Albion behind the shooting of Jim Vanderhill, who finished with 23 points, making 16 in the final period.

Alma had to stave off a fourth period rally by Adrian. Adrian's John Johnson and Alma's Ray Moore tied for scoring honors with 22 points.

Michigan Tech scored 12 straight points with less than four minutes left in defeating St. Norbert of Wisconsin. Michigan Tech's Doug Scheuneman had 31 points.

Ferris won its eighth straight victory as Bernard Kilpatrick scored 23 points and Rudy Ransom added 21 against Eastern Michigan. High man for Eastern was Charles Turner with 19 points.

Eastern Illinois coasted to victory against Central Michigan. The last Central Michigan basketball victory over an Illinois school was in 1959, when it beat Eastern Illinois.

Hillsdale College outscored Malone of Ohio in overtime. Phil Rabaja and Tom Allen each sank a basket for Hillsdale in overtime while Charlie Works scored on a free throw.

Detroit Tech capitalized on a cold five minutes for Rochester Tech and raced to victory. Five Detroit players each scored 10 points.

Doug Kinnison and Willis Tuttle of Findlay and Jack Wachter of Northwood each scored 17 points as the Ohio club defeated Northwood.

Here's How Top Ten Teams Fared

NEW YORK (AP)—Here's how the top 10 college basketball teams in the weekly Associated Press poll fared last week:

1. Cincinnati (13-0) beat North Texas State 75-58, beat Tulsa 67-57.
2. Chicago Loyola (15-0) beat Marquette 87-68, beat Western Michigan 107-69.
3. Arizona State (14-1) beat Brigham Young 89-84, beat Utah 80-65.
4. Ohio State (10-4) lost to Illinois 90-78, beat Michigan 68-66.
5. Illinois (11-1) beat Ohio State 90-78, beat Purdue 106-82.
6. Duke (12-2) beat Navy 85-70, beat Clemson 78-67.
7. Georgia Tech (11-0) beat Georgia 72-70, beat Mississippi 73-71.
8. Wichita (11-3) beat St. Louis 71-65, beat Bradley 79-60.
9. West Virginia (10-3) beat Davidson 89-73, beat George Washington 100-97.
10. North Carolina (6-2) lost to Wake Forest 78-70.

Engadine Loses Eighth Straight

CEDARVILLE — The Engadine Eagles skidded badly in the final period and bowed to Cedarville 65-41 in Little Seven Conference action.

Trailing by only four points, 42-38, entering the finale, the Eagles were outscored 23-3 down the stretch. Hurting their chances for an upset victory was the loss of two starters on personal fouls early in the period. John Baker and Dick Yeske were benched with their fifth fouls.

The defeat was Engadine's eighth straight this season. Dan Dutcher and Roger Cruickshank combined to score 44 of Cedarville's points while Allan Flatt led Engadine with 18.

Box score:

ENGADINE	FG	FT	PF	TP
Flatt	7	4	18	
Baker	1	3	5	5
Yeske	2	3	5	7
Hancock	3	2	4	8
Price	1	1	3	3
Boucha	0	0	3	0

TOTALS	14	13	25	41

Huskies Down Michigan 4-3

By The Associated Press

Michigan Tech scored three goals in the final period to edge the University of Michigan 4-3 in a Western Collegiate Hockey Association game Saturday.

Minnesota (Duluth) defeated Michigan State by the same score in a non-conference contest. Michigan's Gordon Wilkie scored two goals and Gary Butler one as the Wolverines raced to a 3-1 lead after two periods.

But it was all Michigan Tech in the final stanza. Scott Watson, John Ivanitz and Mike Draper scored for Tech in the final 20 minutes to pull out the victory. George Hill scored for the winners in the second period.

Tech is 4-3-1 in the WCHA and 8-3-1 overall. Michigan is 1-6-1 and 5-6-1.

At East Lansing, Minnesota (Duluth) goalie Tom DeLuza made 52 saves, 28 in the third period, to preserve the victory over Michigan State. It was DeLuza's first college hockey start.

Mike Tok's goal at 5:48 of the third period proved to be the winner. Other Minnesota (Duluth) goals were scored by Jay Blaesey, Terry Shercliff and Dick Fisher. Mark Williams, Dick Johnstone and Rick Hargraves scored for MSU.

The result left Michigan State with a 6-7 record. Minnesota (Duluth) is 3-8-1.

Sherman Finally Notches Victory Against Lombardi

LOS ANGELES (AP) — Allie Sherman finally has a victory to show over Vince Lombardi, his old New York buddy, even if it took one of Jim Brown's finest days, five fumbles, two dropped touchdowns and a field goal by a guy with the shakes.

Sherman, the young scholarly coach of the New York Giants, got his revenge Sunday in the Eastern Conference's 30-20 victory over Lombardi's Western Conference stars in the 13th National Football League Pro Bowl All-Star game.

Sherman called it "a great team victory and a well played game under the circumstances." Lombardi, like Sherman a Giant assistant before starting his championship reign at Green Bay, called it a "comedy of errors."

Most of the 61,374 who watched the sloppy, but exciting struggle at the Coliseum under sunny skies and 60-degree temperatures probably would agree the answer was somewhere in the middle.

On the positive side, the East had the brilliant running of Cleveland's Brown, who proved he's just as good as ever by carrying 17 times for a record 141 yards, scoring two touchdowns on a 50-yard gallop and a one-yard power plunge and setting up a third score with a 33-yard burst through three or four would-be tacklers.

There was the clutch 19-yard touchdown pass from Y. A. Tittle to Pres Carpenter that pulled the East into a 20-20 tie early in the fourth quarter after it blew a two-touchdown lead, and the field goal by flv victim Lou Michaels that snapped the tie. And there was the tremendous defensive play of Gene (Big Daddy) Lipscomb and Jim Katcavage.

But that side of the East's first victory over the West in four years and Sherman's first over Lombardi in six tries since he became New York coach tended to be lost in the shuffle of fumbles by Abe Woodson of San Francisco that cost two touchdowns, a bobble by Johnny Unitas that led to

Michaels' field goal, and sure touchdowns passes dropped by Gail Cogdill and Ron Kramer of the West.

"We just handed it to them in the fourth quarter," echoed Unitas, whose passing—including a record 87-yard completion to Cogdill—had rallied the West into the lead on a 17-point third period burst.

The key play came with 6 minutes left, the score tied, and Unitas back to pass. He was hit by Lipscomb and Katcavage, dropped the ball, and Big Daddy dropped his 6-foot-8, 290-pound frame on the football on the West 25.

Michaels, so wobbly that Sherman was reluctant to let him play, kicked a 27-yard field goal three plays later.

On the kickoff, Woodson jitters-bugged looking for an opening as he headed up field. He ran smack into Cleveland's Galen Fiss, who separated him from the ball with a ferocious tackle. Dallas' Don Bishop picked it up and raced 20 yards for the clinching touchdown.

Illinois Blasts Boilermaker '5' To Lead Big Ten

By The Associated Press

A hungry and seasoned Illinois basketball team, gaining momentum in a bid for its first Big Ten championship in a decade, challenges Northwestern tonight in a featured conference battle.

The Illini, who haven't won a Big Ten cage title since 1952, took sole possession of first place Saturday with a resounding 106 - 82 victory over Purdue while Michigan fell before defending champion Ohio State, 68-66.

With six players scoring in double figures, the fifth-ranked Illini flashed added bench strength in smother Purdue.

Adding spice to Illinois' title drive was Ohio State's triumph over previously undefeated Michigan. The victory was the Buckeyes second in three games and, significantly, both OSU triumphs have been on the home court by the margin of two points each game.

Minnesota bounced Iowa, 83-58, as expected but Michigan State dumped highly-rated Wisconsin, 75-68, on the Badger's home floor in what could turn out to be the Big Ten upset of the season.

The result left Illinois on top with 3-0 record, one-half game ahead of Indiana which remains the only other team undefeated in conference play with a 2-0 record.

Gary Bradds was Ohio State's leading scorer with 33 points and Michigan sophomore star Bill Buntin found the going rough. Buntin was limited to 15 points.

Pete Gent helped maneuver Michigan State's triumph over Wisconsin with 19 points and Ted Williams, making his first appearance for MSU this season, but the Spartans ahead to stay, 59-58.

While Illinois is trying to boost its head at Northwestern tonight, Minnesota plays at Michigan and Wisconsin moves in on Iowa. The winner of the Minnesota-Michigan game will gain an advantageous position in the race while Wisconsin needs a victory at Iowa to remain a ranking contender.

Drewrys Cagers Hit Century Mark

The Escanaba Drewrys independent cage team reached the century mark for the first time in a 101-60 victory over the Stephenson Strollers.

Bill Micheau rammed in 41 points to lead Drewrys with Buzz Sauve hitting 22 as all five players finished in double figures. Massey paced the Strollers with 21.

Box score:

DREWRY'S	FG	FT	PF	TP
Micheau	20	1	9	41
Sauve	9	4	5	22
Liebel	7	1	1	15
Berrigan	5	2	4	12
Erickson	4	3	2	11
TOTALS	45	11	12	101

STEPHENSON	FG	FT	PF	TP
Massey	9	3	1	21
Strauss	7	0	0	14
Bichel	6	1	4	13
Topper	4	2	2	13
Schuster	1	0	1	2
TOTALS	27	6	8	60

Halftime score: Drewrys 49 Stephenson 33

Georgia Tech Cage Mentor Has Case Of Ulcers Coming

By The Associated Press

If Georgia Tech basketball coach John Hyder survives the season without developing an acute case of the screaming meemies, he should get some sort of an award—and maybe check his physicians to make sure he still has a heart.

Hyder's Yellow Jackets have run up a spotless 11-0 record, the only perfect mark in the Southeastern Conference. But Alfred Hitchcock wouldn't dare write some of the scripts.

Georgia Tech, No. 7 team in the current Associated Press poll, has won seven of its 11 games by a grand total of 12 points. The Yellow Jackets got past Kentucky, Furman and VPI by one point each, Florida, Georgia and Mississippi by 2, and Alabama by 3.

Their latest chiller was a 73-71 decision over Mississippi in overtime Saturday night.

Bill Eidson wrapped that one up with less than a minute left in the overtime.

Tonight, Georgia Tech meets a real toughie in Mississippi State, the defending co-champion, at Starkville, Miss. The Yellow Jackets, with a 2-0 conference record, still trail Alabama 3-0, which has a

fairly easy assignment in Florida tonight.

The Big Eight, Big Ten and Atlantic Coast Conference all have important games tonight.

In the Big Eight, Kansas State is at Colorado, which has been going through the league as though it is playing a bunch of midgets. The Buffs, shooting for their second straight championship, are 3-0 after their 92-69 victory over Missouri Saturday night.

In the Big Ten, Illinois, No. 5, in the AP poll and beaten only once all season, will try to run its conference record to 4-0 against Northwestern.

The Illini clobbered Purdue 106-86 Saturday night, while Ohio State, No. 4 in the poll and Illinois' No. 1 threat for the title, had to come from behind to defeat Michigan 68-66 behind Gary Bradds' 33 points.

Wake Forest entertains Virginia in an Atlantic Coast Conference game that's important to the Deacons. If they score their expected victory over Virginia, which has won only three games all season, they'll pull into a tie for the league lead with Duke, each with a 6-0 mark.

The Blue Devils moved ahead

of Wake Forest with a 78-67 victory over Clemson Saturday night. Wake Forest clipped Virginia Tech of the Southern Conference 76-63.

Cincinnati, the nation's No. 1 team, ran its season record to 13-0 Saturday night by polishing off Tulsa 67-57 in a Missouri Valley Conference game. The Bearcats play tough Bradley Thursday.

Arizona State, No. 3, behind Cincinnati and Loyola of Chicago, rushed past Utah 80-65 and stayed atop the Western Athletic Conference with a spotless record. The high scoring Sun Devils have lost only once all season while running up 14 victories.

Wichita, which hopes to give Cincinnati a run for the Missouri Valley title, defeated Bradley 79-60 and West Virginia firmed up its stranglehold on the Southern Conference race with a 100-97 victory over surprisingly rough George Washington. Texas pulled in front in the Southwest Conference by trouncing Texas Tech, 78-58.

Penn whipped into the Ivy League lead, vanquishing defending champion Yale, 60-50. Washington turned the tables on Southern California 62-61 to become a factor in the Big Six race.

Athlete Of Year Honors To Wills

NEW YORK (AP)—If all the awards received by Maury Wills this fall were lined up side by side they probably would match the 104 bases the fleet-footed Los Angeles star stole last season. The latest—and most important to Wills—is the Athlete of the Year for 1962 award which was voted him by a wide margin Saturday in the annual Associated Press poll.

"I've received many awards," said Wills today, "but this is perhaps the daddy of 'em all. I'm real happy about the honor."

"Everyone has been wonderful to me," said Wills. "My main aim from now on is to try and make myself worthy of all these honors. I have been trying to and hope I can pay back all these nice people."

Wills captured 72 first place votes and 338 points on a 3-2-1 basis from a national panel of 302 sports writers and sportscasters who participated in the poll.

Golfer Jack Nicklaus was second with 38 first place votes and 238 points. Y.A. Tittle of the New York Football Giants, golfer Arnold Palmer, Jim Taylor of the Green Bay Packers, and quarterback Terry Baker of the University of Southern California, rounded out the first six.

The runaway victory for Wills was fitting. He captured the na-

tional fancy as he passed Bob Bescher's National League record of 80 stolen bases in August and closed in on Ty Cobb's major league mark of 96 a month later. He finally passed Cobb on Sept. 17, reached the 100 mark the last week of the regular season and added four more in the 3-game playoff with the Giants to finish with 104 stolen bases in 165 games.

Long Putt Wins For Gary Player

SAN DIEGO, Calif. (AP)—Golf star Gary Player is a positive thinker and proud of it.

So today, as the American PGA Champion from South Africa led the golfing nomads to the uncertainties of the Bing Crosby tournament at Pebble Beach, he could reflect on a putt he sank. It won the \$25,000 San Diego Open Sunday.

The putt measured 18 feet from the edge of the 18th green and Gary had to make it or go into a sudden death playoff with Tony Lema.

"You know," Gary said later, "I had a feeling I was going to make the putt. I had hit about five real solid putts which just missed the hole."

"I told myself I was due for one. That last one made up for all the ones I missed."

Player collected \$3,500 for his rounds of 65-65-70-70—270 and missed Mike Souchak's tournament record by one stroke.

He won by one stroke over Lema, with Bill Casper Jr. and Charlie Sifford tied for third at 272.

Murchison Wins 50-Yard Dash

BOSTON (AP)—Ira Murchison, former Western Michigan University track star, won the 50-yard dash in 5.5 seconds Saturday night in the Boston Knights of Columbus Games. Murchison represented the Chicago Track Club. Hayes Jones of Detroit won his 30th straight indoor timber event when he whipped to a .055 victory in the 45-yard high hurdles.

Syracuse played a 14-game football schedule in 1893.

Howe Hits Twice In Wings' Victory

DETROIT (AP)—Coach Sid Abel must succumb to hairsplitting and head scratching before discovering any fault Gordie Howe has had in 17 seasons with the Detroit Red Wings.

This one fault? Howe passes off too much when he should shoot himself.

"Gordie is shooting much more now," said Abel in explaining one of the hottest scoring streaks in Howe's brilliant National Hockey League career.

Howe scored twice Sunday night—on two dazzling individual plays—as Detroit beat the New York Rangers 4-2. He has seven goals in the last four games. And his scoring has marked an abrupt turnaround in the Wings' long slump that followed their 10-game unbeaten streak at the start of the season.

Montreal tied first-place Chicago 2-2 and Boston deked Detroit 2-0 in Sunday night's other NHL games.

Old Pro Tripucka Paces West Victory

SAN DIEGO, Calif. (AP)—Old pro Frank Tripucka came off the bench Sunday and passed the West team to a 21-14 victory in the second annual American Football League All-Star game—then said it was his final game.

The 35-year-old quarterback relieved Len Dawson of Dallas in the final quarter with the score 14-14. He cranked up the faltering West

players and guided them 89 yards in seven plays to the winning touchdown.

The score was set up on a 49-yard toss to Tripucka's Denver Broncos teammate Lionel Taylor. The same Tripucka-Taylor combination worked on a 20-yarder two plays later for the touchdown.

A crowd of more than 27,000 fans at Balboa Stadium watched the West jump off to a 14-0 half-time lead.

West scores came on a 64-yard run by Curtis McClinton of Dallas and an 11-yard pass play from Dawson to San Diego end Dave Kocourek.

McClinton, AFL rookie of the year, was also named outstanding back of the game. The 230-pound

Lakers Stretch Victory String

By The Associated Press

The Los Angeles Lakers can be beaten—for one quarter, or two, or three. But it is becoming increasingly tough to handle the National Basketball Association's Western Division leaders over the distance.

Staging another of their whirlwind finishes, the Lakers came from behind Sunday night and trimmed the New York Knicks 108-102 for their 10th straight victory. Los Angeles was behind by 10 points at the half and trailed by 12 in the third period when Elgin Baylor, bothered by a sore right knee and not expected to play at all, came in and sparked a rally.

By the third-quarter mark, the Lakers had turned their deficit to two, then they made it convincing by outscoring the Knicks 35-27 in the last period.

Also in the NBA—Sam Jones triggered the attack as the Boston Celtics overran the Chicago Zephyrs 143-99, the St. Louis Hawks nipped the Cincinnati Royals 105-104 with a fourth quarter uprising, and Syracuse swamped Detroit 148-114, almost reversing exactly the score of their Saturday night game.

In Saturday games, Los Angeles beat San Francisco 119-114, Detroit smothered Syracuse 146-115, St. Louis tripped Cincinnati 115-109 and Chicago trounced New York 130-97.

Tonight's only game has New York at San Francisco.

fullback was the leading rusher in seven plays to the winning touchdown.

The spitting East offense—plagued by five intercepted passes—caught hold late in the third period. Quarterback George Blanda of Houston used only four plays to move the Easterners 68 yards to a score.

Tripucka took the helm at the start of the final period. He threw two incomplete passes during his first series of downs. After an exchange of punts he got another chance.

This time the former Notre Dame star was on target with his next four passes—including the one that won the game.

Tripucka told newsmen it was his final game.

"It would take a fantastic amount of money to get me back next year," he said. The 14-year performer in two United States and one Canadian League said he plans to retire and manage his store in Bloomfield, N.J.

West defensive end Earl Faison of San Diego was named outstanding lineman of the game.

Wolverines Bow To Ohio State

COLUMBUS (AP)—The University of Michigan takes on Minnesota at home tonight after losing its first Big Ten Conference basketball game at Ohio State Saturday.

The Wolverines were edged, 68-66, by the defending league champion Buckeyes who scored their 42nd consecutive home court victory. The result left both clubs 2-1 in league play and 10-2 overall.

OSU finally went ahead 55-54, with less than seven minutes remaining, on a play which saw Michigan's Bill Buntin foul out.

The 6-foot-7 sophomore had controlled both boards most of the way.

Gary Bradds of Ohio State paced the scoring with 33 points, while Tom Cole led the Wolverines with 17, two ahead of Buntin and Bill Cantrell.

Taylor Suffers From Hepatitis

LOS ANGELES (AP)—Jim Taylor, star fullback for the champion Green Bay Packers and voted the Associated Press National Football League Player of the Year, has hepatitis, it was disclosed Sunday.

Project Improves Facilities For Visitors At Seney

SENEY — A \$250,000 federal appropriation under the accelerated public works program is providing jobs for 34 men and will result in improved accommodations for visitors to the 95,500-acre Seney National Wildlife Refuge here.

A major item will be a 105 by 40 foot one-story visitor center which will include an exhibit room for mounted specimens and displays, and an auditorium where movies will be shown.

The work will be let on contract for the brick-faced building to be constructed across the pool from the headquarters office.

The money also will give the refuge numerous other improvements to aid both in its wildlife work and its accommodations for visitors, who numbered 47,500 last year. This was the peak of visitors thus far, Arthur Hugglett, manager reports.

Tour Route Work
A new self-guided tour on an 8-mile route has been brushed and makers and other work will be done during the winter. All work except that under contract is to be completed June 30. In addition to the visitor center, the contract work will include a new water control structure on the A-1 pool.

Additional picnic facilities are being constructed along the tour route, so visitors can eat at spots overlooking pools, and along M-28.

Changes are being made in the existing nature trail, which will start at the new visitor center instead of at the headquarters office. A bridge and a dike over the

pool are being constructed for this change. Brushing and clearing work is also being done along the old tour route. In each instance the cutting is only to the degree necessary for access and vision, with preservation of the "wild" a main consideration.

A goose nesting island is being built near the headquarters, to provide a place where geese can loaf, and be seen by visitors, and island clearing is scheduled to improve goose habitat.

Stumps have been removed in show pools to improve fishing and tag alder has been cut and sprayed to improve access. Improved parking facilities for fishermen using the C-3 pool are also included.

New Signs
Also underway is timber stand improvement, with removal of good mature trees to make openings for sharp-tail, deer and other wildlife. Two new farming units are being developed for goose use and particularly for migrant birds.

It is hoped the green fields of winter rye and other grain will hold birds longer on their Upper Mississippi flights, thus improving hunting conditions.

The work to make the Refuge more attractive for visitors includes construction of an access road to a canoe landing site on the Manistique River, blacktopping of the entrance road to the visitor center and headquarters.

New signs are to be erected utilizing the Wildlife Service emblem of a blue goose on a white background. Other work includes improvement of the boundary fence for the refuge, established in 1935.

One of its significant achievements is getting Canada geese to nest there and propagate. The Refuge has 200 and some species of birds using it. At designated times, it is open for hunting and fishing, and some trapping, to keep the balance needed for the wildlife work. A quarter of its receipts go to Schoolcraft County in lieu of taxes.

Manistique High School debaters topped the field of 12 of Class A Schools in Upper Michigan Saturday to win the U. P. debating championship.

Houghton won the Class B title over Bessemer.

The Manistique squad defeated Negaunee on a two-one split decision in arguing the question of "A Common Market for the Western Hemisphere." Earlier the Manistique team had defeated Newberry in the semi-finals.

Serving on the affirmative team for Manistique were two seniors, Jacques Anderson and Cordell Sikarski. The negative squad consisted of two juniors, Eleanor Jorgenson and Christine Mathson.

The win entitles Manistique to enter a participant in a Detroit Free Press scholarship in March at Central Michigan University, Mt. Pleasant.

Winners and the runners-up will go to the regional speech contests in the state in March and there the finalists will be selected for the state contests in Ann Arbor.

The trophy won at Marquette was presented to debate coach Marvin Frederickson at a special assembly this morning.

City Council Meets Tonight

Plans for construction of a water tower in the eastside area, to improve water pressure, is scheduled at the regular meeting of the City Council at 7:30 p. m., today (Monday) in City Hall.

Application for half of the \$171,000 cost has been made to the Community Facilities Administration in Chicago, under the accelerated public works program.

Also on the agenda will be discussion of snow removal from gas stations.

Project Improves Facilities For Visitors At Seney

SENEY — A \$250,000 federal appropriation under the accelerated public works program is providing jobs for 34 men and will result in improved accommodations for visitors to the 95,500-acre Seney National Wildlife Refuge here.

A major item will be a 105 by 40 foot one-story visitor center which will include an exhibit room for mounted specimens and displays, and an auditorium where movies will be shown.
